RE: Request to be an Intervener for the City of Hutto CCN: 20122, Docket #:47795

To Whom It May Concern:

Please accept this as formal request for inclusion in a formal hearing and to be an intervener regarding the City of Hutto application for CCN 20122, docket #47795 for property tax IDs R020829 and R020828.

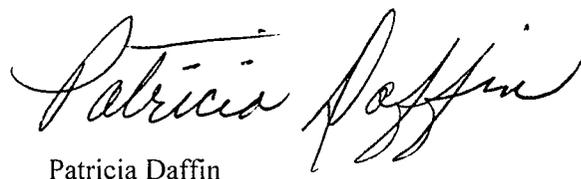

The City of Hutto submitted a map to some adjacent property owners, however, since some properties are under 25 acres, it was expressed that we may not have been included in notifications, but may be included in the above referenced proposed service area. The letter contained a map of the intended service area which was the only map the City of Hutto could and has referred us to. After repeated questioning, attending a poorly prepared, misguided "informational" meeting on Tuesday, January 23, 2018 by the City of Hutto, no Hutto representatives could confirm what properties were included in the application area. No individual properties or addresses could be looked up or isolated on their maps. Moreover, the notice states: "the proposed utility service area is located approximately 3 miles in all direction of downtown Hutto...". "The total area being requested includes approximately 15.648 acres...". We are located beyond 5 miles of, if measured from the closest edge of the Hutto downtown area to proposed properties, according to the scale on the map.

No docket number was available to reference until a second, corrected certified letter was mailed to larger land owners, dated January 12, 2018. As of the date of this letter, we have had no requested and promised emails whatsoever from the City of Hutto or their representatives of any form.

Due to the City of Hutto's history of misinforming and ill-prepared plans, I am asking to be notified of any and all correspondence regarding their CCN applications as well as to any future hearings. Due to the confusion, lack of transparency and non-responsiveness from the City of Hutto, I ask for an extension of time to gather any and all required documents, if needed, to formally opt-out and/or serve as an intervener in a formal hearing if needed.

Sincerely,

Michael Daffin
