DECISION BY RAYWOOD WATER  
SUPPLY CORPORATION TO CHANGE  
RATES**

**PUBLIC UTILITY COMMISSION  
OF TEXAS**

**COMMISSION STAFF'S RECOMMENDATION ON COMPLETENESS**

COMES NOW the Staff ("Staff") of the Public Utility Commission of Texas ("Commission"), representing the public interest, and files this recommendation .

**I. Background**

On December 27, 2017, Raywood Water Supply Corporation (Raywood WSC) filed response to Staff's First Request for Information (RFI) contesting membership of certain signatories of the Petition. On December 27, 2017, Staff served a request for information on the Petitioners requesting verification that the disputed signatories are in fact members of Raywood WSC. Petitioners have been unable to provide this evidence. Instead, Petitioners sent Staff the attached e-mail stating that they wish to suspend their case.

**II. Recommendation**

To appeal the rate increase of a water supply corporation such as Raywood WSC, one must present a petition signed by 10 percent of the rate payers affected by the increase.<sup>1</sup> Raywood WSC has 519 customers; therefore, the Petitioner's needed 52 individual customers to sign their petition. At most, the petitioners have shown that they have only 50 signatures. Consequently, the petitioner's appeal is incurably incomplete.

Under the Commission's rules, dismissal of a proceeding is appropriate when the Commission lacks jurisdiction.<sup>2</sup> The Commission only has appellate jurisdiction over the rate increases of water supply corporations when the requisite number of signatures accompany the

petition.<sup>3</sup> Consequently, the Commission does not have jurisdiction to hear this appeal, and it should be dismissed.

### **III. Conclusion**

Staff respectfully recommends that the Commission dismiss this case for the reasons stated above.

Hi Mr. Lill,

The Ratepayers Appeal of the Raywood Water Supply Corporation's June rate increase is suspended as of 02/12/2018. The road ahead will be difficult with no guarantee of success in reducing the cost of water supplied by RWSC. If anything more is needed from me, please let me know. Thanks, Herman J. Simien
