**RE: Tariff Control No. 47883 – *Application of Undine Texas, LLC for Pass-Through Rate Change***

### **NOTICE SETTING DEADLINE FOR STAFF'S RECOMMENDATION**

This Notice addresses Undine Texas, LLC's December 19, 2017 application for approval of a pass-through rate change. Undine, as Temporary Manager of Suburban Utility Company, on September 23, 2017, implemented an Emergency Interconnection with Harris County Municipal Utility District No. 421 (MUD 421) to change from groundwater to surface water in order to maintain water utility services to the Beaumont Place subdivision, and has contractually committed to pay the MUD 421 for the purchase of water. The amount charged by MUD 421 for such water purchase is \$4.75/1,000 gallons, which Undine has requested to pass-through to Beaumont Place customers, as measured by individual meters, to continue until collections are sufficient to pay the full amount of charges from MUD 421. The parties have executed an Interim Emergency Water Supply Contract. Undine stated that the rate increase effects the customers in the Beaumont Place subdivision only and customers will receive notice in a bill insert on or about February 8, 2018.

On or before January 19, 2018, Commission Staff shall file a recommendation on the application, address notice requirements, and propose a procedural schedule, if necessary.

Signed at Austin, Texas the 27<sup>th</sup> day of December 2017.
