1 Q: RAYBURN RFI NO. 1-1 Refer to p. 1, line 24 of your testimony, "Transmission line will emit
2 harmful interference to my amateur radio operation." Do you currently conduct radio operations on
3 the property? If so, please describe the operations, including the type of operations (AM, FM, etc.),
4 extent and approximate dates of operations, equipment used for the operations, and purposes for
5 the operations.

6 A: As stated in my testimony p.1 line 18, I plan to build a house. Currently, no inhabitable structure
7 exists on the property. So I currently do not conduct radio operations on the property. However, I
8 do have radio operation on my current living address. I operate on CW (Morse code), SSB (voice)
9 and digital mode, including PSK31, Olivia, FT8 etc. I operator approximately 1-2 hours per day. My
10 equipments include: Yaesu FTDX1200 Transceiver, SCU-17 interface, MFJ 30Amp power supply,
11 SpyVerter upconvertor, RTL-SDR software defined radio, Baofeng BF-F8HP, Baofeng UV5R and
12 homemade 40 meter loop antenna. The purpose of operation is stated in FCC rule, CFR Title 47, Part
13 97.3 a (4) *"A radiocommunication service for the purpose of self-training, intercommunication and*
14 *technical investigations carried out by amateurs, that is, duly authorized persons interested in radio*
15 *technique solely with a personal aim and without pecuniary interest."* And also as a backup
16 emergency communication as stated in FCC rule, CFR Title 47 , Part 97, subpart E.

18 Q: RAYBURN RFI NO. 1-2Refer to p. 1, line 24 of your testimony. Are there currently any permanent
19 radio towers or other communication towers on the property? If so, please diagram or describe the
20 location of such towers on your property and produce any pictures of the towers.

21 A: I do not currently have radio tower on the property.
