FINDING APPLICATION DEFICIENT;
ESTABLISHING DEADLINES FOR OPPORTUNITY TO CURE**

This Order addresses Commission Staff's January 26, 2018 recommendation on administrative completeness of the application of Bracero Water Supply Corporation for exempt utility registration. Commission Staff has recommended that the application be found deficient and administratively incomplete based on the information provided by Andrew Novak, of the Water Utility Regulation Division. Commission Staff recommended that the applicant be allowed time to correct the deficiencies. Commission Staff proposed to file a supplemental recommendation on administrative completeness two weeks after the applicant files an amended application.

Consistent with Commission Staff's recommendation, the application is deficient and administratively incomplete. On or before February 23, 2018, the applicant shall amend its application to cure the deficiencies identified in Commission Staff's recommendation. Commission Staff shall file a supplemental recommendation regarding administrative completeness of the amended application along with a proposed procedural schedule, if appropriate, on or before March 9, 2018.

Signed at Austin, Texas the 6TH day of February 2018.
