RE: Project No. 47949 - *Application of Constellation Solar Texas, LLC for a Power Generation Company Registration*

RECOMMENDATION

On January 12, 2018 Constellation Solar Texas, LLC (Constellation Solar or the Company) filed an application to register as a new power generation (PGC) company pursuant to 16 Tex. Admin. Code § 25.109 (TAC). The facilities being registered as a PGC are Pedernales Solar Energy I, LLC through Pedernales Solar Energy XII, LLC.

After a review of Constellation Solar's registration request, Staff has concluded that the applicant has satisfactorily completed the registration requirements under 16 TAC § 25.109(e) by providing a description of the location of the facilities used to generate electricity; a description of the types of services provided by the person that pertain to the generation of electricity; and all information requested on the Commission-prescribed form. An oath or affirmation signed by an owner, partner, or officer of the registering party was included with the application pursuant to 16 TAC § 25.109(f).

Therefore, Staff recommends that Constellation Solar Texas, LLC's registration request be granted and Commission records be revised to reflect the registration.
