**RED RIVER AUTHORITY'S FIFTH STATUS UPDATE**

Red River Authority of Texas provides the following Status Update. As referenced in Red River Authority's Third Status Update, Red River Authority has negotiated and finalized proposed terms of a lease agreement for the pump station to be utilized in connection with the Northside system. However, the landowner and Red River Authority are still awaiting final documentation from the USDA Farm Services Administration, as a lien-holder on the underlying leased property, in order to finalize execution of the lease agreement and related documents.

Respectfully submitted,

**SHERRILL & GIBSON, PLLC**
