RED RIVER AUTHORITY'S REQUEST FOR EXTENSION OF TIME

Red River Authority of Texas requests an extension of time pursuant to 16 TAC 24.239(o) and in support thereof shows the following:

BACKGROUND

Pursuant to Order No. 4 Approving Transaction to Proceed filed on June 1, 2018, the Commission authorized the transaction proposed in Red River Authority's application. Order No. 4 authorized the transaction to proceed and be completed within 180 days. This 180 day period ends on November 28, 2018.

As previously disclosed in Red River Authority's monthly updates filed with the Commission, Red River Authority is awaiting final documentation from the USDA Farm Services Administration, as a lien-holder on leased property related to the Northside facility, in order to finalize execution of a new lease agreement and related documents. The leased property is utilized to operate a pump station related to the Northside system.

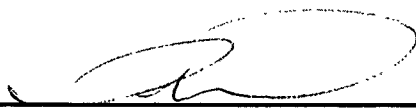

As of the date of this Request, Red River Authority is still waiting on final documentation from the USDA Farm Services Administration.

REQUEST FOR EXTENSION

For the foregoing reasons and for good cause shown pursuant to 16 TAC 24.239(o), Red River Authority requests that the Commission enter an order extending the time to complete the transaction to **March 1, 2019**.

Respectfully submitted,
