**ORDER NO. 3  
ABATING PROCEEDING**

This Order addresses Commission Staff's May 4, 2018 comments on administrative completeness of the application filed by Waterco of Nocona Lake Estates. On March 23, 2018, the administrative law judge (ALJ) deemed the application incomplete and deficient and gave the applicant until April 6, 2018 to amend the application to cure the deficiencies. On April 6, 2018, the applicant amended the application to cure the deficiencies identified by Commission Staff. Commission Staff recommended that this docket be abated pending the final resolution of outstanding issues in Docket No. 47411.<sup>1</sup>

Docket No. 47411 was remanded back to the Commission on April 27, 2018 and abated by the Commission ALJ on May 18, 2018. The ALJ directed Commission Staff in the Water Utility Regulation and Oversight & Enforcement divisions to address and resolve outstanding issues in the docket and once resolved, to notify the ALJ to unabate the docket for further processing.

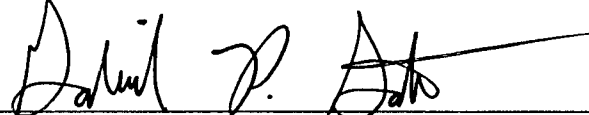

The ALJ abates this proceeding to further allow Commission Staff to resolve issues pending in Docket No. 47411. The application in Docket No. 48039 is not administratively complete. Once matters in Docket No. 47411 have been resolved, the parties shall provide a status update and a request to unabate Docket No. 48039 for continued processing.
