**ORDER NO. 2  
FINDING APPLICATION INCOMPLETE AND DEFICIENT,  
ESTABLISHING DEADLINES AND OPPORTUNITY TO CURE**

This Order addresses Commission Staff's March 15, 2018 recommendation that the application of DJL Ventures, Inc. d/b/a KAP Water Supply and SWWC Utilities, Inc. d/b/a Water Services, Inc. for the transfer of service area rights in Comal County be deemed administratively incomplete and insufficient for filing due to material deficiencies as described in the memorandum of Patricia Garcia of the Water Utility Regulation Division. Commission Staff proposed deadlines for applicants to complete the application and for a supplemental recommendation on sufficiency.

The application is found incomplete and deficient. Under 16 Texas Administrative Code § 24.8(d), applications are not considered filed until a determination of administrative completeness is made. Thus, at this time the application is not considered filed with the Commission.

On or before April 12, 2018, applicants shall amend the application to cure the deficiencies noted by Commission Staff. Processing of the application cannot proceed until the required items are received and reviewed. On or before May 10, 2018, Commission Staff shall file a supplemental recommendation on administrative completeness.

Signed at Austin, Texas the 20th day of March 2018.
