**ORDER NO. 9
REQUIRING SUBMISSION OF TARIFFS**

This Order addresses the need for LGRVR to file their complete water and sewer tariff with the Commission before a notice of approval may be considered in the present docket.

Under 16 Texas Administrative Code § 24.25(b)(1)(D), a water supply corporation must file with the Commission their complete tariff when applying to operate as a retail public utility and to obtain or amend a certificate of convenience and necessity (CCN). In the present case, the administrative law judge (ALJ) finds no such filing in the record.

On or before May 15, 2019, LGRVR must file with the Commission their water and sewer tariffs, containing schedules of all its rates, tolls, charges, rules, and regulations pertaining to all of its utility services under water CCN number 12884 and sewer CCN number 20854. On or before May 22, 2019, LGRVR and Commission Staff are requested to file a joint motion to admit these tariffs as evidence. If the parties believe the filing of tariffs are not necessary or have been previously submitted in this docket, the ALJ is amenable to a statement of position concerning the matter. If a statement of position is filed, the above deadlines still apply, absent a further order from the ALJ.

Signed at Austin, Texas the 26th day of April 2019.
