Re: Tariff Control No. 48190 – *Application of Undine Texas, LLC for Pass-Through Rate Change*

ADDRESSING DEFICIENT NOTICE AND ESTABLISHING DEADLINES

This Notice addresses Commission Staff's recommendation identifying a deficiency with notice issued on April 25, 2018. Commission Staff has communicated with counsel for Undine Texas, LLC and no longer recommends that example calculations are required; however, 16 Texas Administrative Code § 24.21(b)(2)(F) requires that both the present and new calculations of customer billings be included in the customer notice. Therefore, Commission Staff recommends that Undine reissue notice including the calculations of both present and new fees and to file a copy of the notice with the Commission along with an affidavit attesting that notice was completed. Staff recommended that Undine include a note to customers in the notice that no line loss recovery was included in the present calculation. Undine represented that notice can be issued by May 16, 2018.

The administrative law judge finds Undine's notice is deficient. Undine shall issue revised notice no later than May 16, 2018. On or before May 23, 2018, Undine shall file an affidavit attesting that notice was completed. Commission Staff shall file a recommendation on sufficiency of the notice and address administrative completeness of the application no later than May 30, 2018.
