Re: Application of Tim Ron Enterprises, LLC d/b/a Network Communications Telecom and  
Conterra Ultra Broadband Holdings, Inc. to Amend a Service Provider Certificate of Operating  
Authority (Docket No. 48463)

Dear Sir or Madam,

I am writing to respectfully ask that you grant a request by Network Communications Telecom for adjudication of their application before July 31, 2018, so as to facilitate a transition between Network Communications Telecom and Conterra. The application before you is the final regulatory step towards completing the transition. It is my understanding that the Commission Staff made a recommendation for the approval of the application on July 17, 2018.

For decades, Network Communications Telecom, headquartered in Longview, TX, has delivered reliable and high-quality services to consumers across East Texas and beyond. Given their impressive record in our community, I have full confidence that this transition will continue to benefit the constituents of my district and all of East Texas. I appreciate your consideration.

Sincerely,
