PUBLIC UTILITY COMMISSION
FILING CLERK

**ORDER NO. 4
REQUIRING CLARIFICATION**

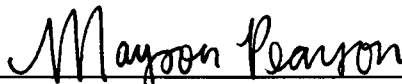

This Order addresses Commission Staff's August 9, 2018, final recommendation on the EQK Bridgeview Corporation's (EQK Bridgeview) petition. The petition and the attached affidavit refer to 2,807 acres requested for release from High Point Water Supply Corporation's certificate of convenience and necessity number 10841. The application does not specify the number of tracts involved, but it appears from the deed records in the application that more than one tract of land is affected. There is no filing to indicate that EQK Bridgeview amended the application to decrease the acreage requested for release.

Commission Staff's final recommendation refers to the release of only 1,819 acres of land, but fails to address the reasons for the difference or the number of tracts (if more than one and their sizes) recommended for release.

On or before September 14, 2018, Commission Staff is required to clarify the reason for the recommendation to release a reduced area and the number of and sizes of tracts affected.

Signed at Austin, Texas the 11th day of September 2018.
