1701 N. Congress Avenue
Austin, TX 78701

RE: Docket No. 48506 - Application to Amend City of Celina Sewer CCN
Applicant: City of Celina
Request for Extension

On August 6, 2018, the Public Utility Commission of Texas (Commission) filed Order No. 2 related to the above referenced docket. The Order stated that the application is administratively complete and established a procedural schedule. It stated that the applicant shall file with the Commission signed affidavits that the Notice of Publication was published in a newspaper of general circulation by September 17, 2018.

The Notice for Publication that was provided by the Commission for the City of Celina to publish in the newspaper had a typographical error. TRC staff, acting on behalf of the City of Celina, discussed this issue with the Commission's Regulatory Accountant/Auditor staff on Friday, September 7, 2018, for clarification. The Commission's staff agreed the original Notice for Publication had an error and emailed a revised Notice for Publication to the City of Celina on September 7, 2018 to publish. Since the applicant must publish the notice for two (2) consecutive weeks, the applicant will not have sufficient time to publish the revised notice and provide the required affidavits to the Commission by September 17, 2018.

The Applicant requests that the deadline to file a response to Order No. 2 be extended from September 17, 2018 to October 5, 2018.

Sincerely,

Justin Thomas, P.E.
