Re: Tariff Control No. 48584 – *Application of Community Water Company for Approval of a Pass-Through Rate Change*

NOTICE REQUESTING ADDITION OF TRUE-UP PROVISION TO TARIFF

This Notice addresses Community Water Company's application for a pass-through rate change due to an increase in purchased water fees from the City of Corsicana. In Commission Staff's recommendation filed on October 19, 2018, Commission Staff requests that Community Water include a true-up provision in a future proposed tariff. The current calculations provided by Community Water appear to take over and under recovery into account. Under 16 Texas Administrative Code §24.25(a), a utility may not directly or indirectly demand, charge, or collect any rate or charge, or impose any classifications, practices, rules, or regulations different from those prescribed in its approved tariff.

The administrative law judge requests that Commission Staff add a true-up provision to the current proposed tariff so the proposed rates reflect the calculation methodology in the tariff.

Signed at Austin, Texas the 19th day of November 2018.
