**ORDER NO. 8
AMENDING THE PROCEDURAL SCHEDULE**

This Order addresses the application of the City of Granbury to amend its water and sewer certificates of convenience and necessity and decertify a portion of Mesa Grande Water Supply Corporation's water CCN service area in Hood County.

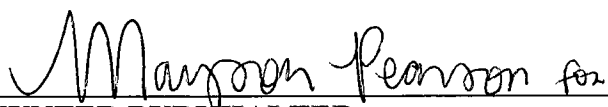

On May 10, 2019, Commission Staff indicated the need to amend the procedural schedule. The mapping information included with the original application is no longer accurate. Granbury has expressed to Commission Staff its intention to revise its mapping information to exclude the water service area of another provider. Commission Staff is unable to provide the final maps, certificates, or tariffs (if applicable) required by the current procedural schedule until the new mapping information is submitted.

The administrative law judge grants the request. The following procedural schedule applies:

Deadline for Granbury to submit amended mapping information	June 12, 2019
Deadline for Commission Staff to provide a recommendation on the adequacy of the mapping information and to propose a procedural schedule for further processing	July 12, 2019

Signed at Austin, Texas the 14th day of May 2019.
