<b>AUTHORITY TO CHANGE RATES</b>	§	<b>ADMINISTRATIVE HEARINGS</b>

**SOAH ORDER NO. 9  
ADOPTING INTERIM RATES**

On September 29, 2020, Staff of the Public Utility Commission of Texas (Commission) and Anderson Water Company, Inc. (Anderson) filed a joint motion for interim rates pursuant to 16 Texas Administrative Code § 24.37. The motion requests that interim rates be set at Anderson's current tariffed rates, as identified in the joint motion. The parties assert that interim rates will benefit both ratepayers and Anderson by resolving the ongoing confusion regarding the rates currently in effect. The parties agree in the motion that the interim rate should not be subject to refund or surcharge once the Commission approves a final rate in this proceeding. Because this a joint motion, and thus agreed, the Administrative Law Judge (ALJ) find that the motion has merit. Accordingly, the interim rates set out below are hereby **ADOPTED**, effective immediately, and shall not be subject to refund or surcharge once the Commission issues a final order in this proceeding:<sup>1</sup>

<sup>1</sup> In a separate filing, Anderson stated its intent to retain counsel in connection with the issue of interim rates. Should Anderson wish to amend these interim rate terms, the ALJ will entertain such a motion. *See Anderson Response Letter* (Sept. 29, 2020).
