**ORDER NO. 14
GRANTING EXTENSION**

This Order addresses Commission Staff's May 11, 2020, request for additional time to file a supplemental recommendation on sufficiency of the application. Commission Staff stated that this docket was filed as a certificate of convenience and necessity (CCN) amendment under Texas Water Code (TWC) § 13.255, which applies to a requested area that has been incorporated or annexed by a municipality and requires that the application identify the municipal ordinance or other action that annexed or incorporated the municipality's requested area. Commission Staff further stated that they are currently re-reviewing the application to determine whether TWC § 13.255 applies to this transaction because it does not appear that Edinburg has actually incorporated or annexed the requested area.

The administrative law judge grants Commission Staff's request for extension.

On or before May 26, 2020,¹ Commission Staff must file a supplemental recommendation regarding administrative completeness, along with a proposed procedural schedule, if appropriate.

¹ Commission Staff's requested deadline, May 25, 2020, is a state holiday.

Signed at Austin, Texas the 12th day of May 2020.
