ORDER NO. 2
FINDING TARIFF INSUFFICIENT AND REQUIRING FILING

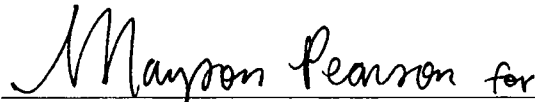

This Order addresses the sufficiency of the tariff filed by Double Diamond Properties Construction Co. dba Rock Creek on September 27, 2018.

On April 30, 2019, Commission Staff recommended that the tariff be deemed insufficient because it omitted the purchased water pass through rate for Northwest Grayson County Water Control and Improvement District No. 1 and because it does not conform to the Commission's formatting requirements. Commission Staff also recommended that the instant proceeding remain open so that an agreed revised tariff can be filed to include the preceding omissions. After filing the agreed revised tariff, Commission Staff recommends that this matter be closed.

The administrative law judge finds the tariff, filed on September 27, 2018, insufficient for the reasons set out above. On or before May 21, 2019, Commission Staff must file an agreed revised tariff to include the above revisions along with a request that this control number be closed.

Signed at Austin, Texas the 10th day of May 2019.
