Docket No. 48745; SOAH Docket No. 473-19-1841, *Compliance Filing of Entergy Texas, Inc. Relating to Participation in Smart Meter Texas and Change to Its Advanced Metering System.*

A proposed order filed in the above-referenced docket is posted for consideration and action by the Commission. If the Commission approves the proposed order, I recommend the following changes to the Commission's order.

Proposed finding of fact 6 should be modified for completeness.

6. In Docket No. 47472, the Commission approved updated business requirements for Smart Meter Texas, which is a web portal used by the following electric utilities to make metering data available to customers and others: AEP Texas, Inc.; CenterPoint Energy Houston Electric, LLC; Oncor Electric Delivery Company LLC; and Texas-New Mexico Power Company.

Proposed conclusions of law 2 and 5 should be amended for accuracy.

2. The Commission has jurisdiction over this matter under PURA § ~~39.107(h)~~, ~~(k)~~ and 39.452(k) and (l).

5. Entergy Texas's inclusion of the Green Button Connect My Data platform and vendor initiated on-demand reads in its web-based customer interface as described in exhibit 1 to the parties' agreement complies with the third-party access requirements of 16 TAC § 25.130(g)(1)(E) and (F).

Additionally, the Commission should delegate to the Office of Policy and Docket Management the authority to modify the order to conform to the *Citation and Style Guide for the Public Utility Commission of Texas* and to make other non-substantive changes to the order for such matters as capitalization, spelling, grammar, punctuation, style, correction of numbering, and readability.
