**ORDER NO. 6
FINDING NOTICE INSUFFICIENT AND
ESTABLISHING AN OPPORTUNITY TO CURE**

This Order addresses the proof of notice filed on May 14, 2019, for the sale, transfer, or merger of facilities and certificate rights from Pendleton Harbor Water Supply Corporation and G- M Water Supply Corporation. The applicants filed a signed affidavit that the required notice was given on April 5, 2019; however the applicants' map sent to current customers, landowners, neighboring utilities and affected parties contains a bounded service area that does not match the bounded service area that is being transferred in this application.

The administrative law judge (ALJ) finds notice insufficient and directs the applicants to re-send notice and to use the map attached to Commission Staff's supplemental recommendation to current customers, landowners, neighboring utilities and affected parties. In addition, applicants are directed to file an affidavit specifying every person and entity to whom notice was provided and the date the notice was provided.

The ALJ adopts the following amended procedural schedule:

Event	Date
Deadline for applicants to file with the Commission signed affidavits that the notice was given along with a copy of the notice sent to the affected parties	June 24, 2019
Deadline for Commission Staff to file a recommendation on sufficiency of notice	Within 10 days of applicants filing proof of completed notice with the Commission
Deadline to intervene	30 days after notice is issued

Signed at Austin, Texas the 29th day of May 2019.
