**CLASS "C" WATER COMPANY
PUC ANNUAL REPORT
OF**

CCN Number

12123

Official Company Name:

Hubert Watson Subdivision Water Supply, Inc

D/B/A Name(s)

None

**TO THE
PUBLIC UTILITY COMMISSION
OF TEXAS**

For the Year Ended 2018

U

Hubert Watson Subdivision Water Supply, Inc

GENERAL INSTRUCTIONS - Class C Utilities Only

1. This annual report (earnings report) is required by 16 TAC §24.73 and is used to monitor utility earnings and compile annual financial information to monitor financial conditions of Texas investor owned utilities. Each utility shall submit its report to the Commission in the form and manner prescribed herein. The reported information should reflect the 12-month period ending December 31. The report shall be filed not later than June 1 of the following year. Only one report needs to be completed for each Certificate of Convenience and Necessity (CCN) Number regardless of the number of Public Water Systems and/or number of Sewer Systems affiliated with each CCN. However, if you have multiple water CCNs or multiple sewer CCNs, a separate report must be submitted for each CCN, along with a summary report for all Texas water and sewer operations for affiliated entities. The summary should be submitted along with all the affiliated reports. If the utility possesses a water and sewer CCN (not multiples), then the utility may combine the water and sewer operations into one report, although water and sewer operations must be separately reported within that report.
2. Four copies of this report shall be prepared by each utility. Three copies should be mailed or delivered to the Filing Clerk of Central Records at the Commission's offices in Austin, TX by June 1 of the year following the calendar year. The other copy should be retained by the utility for reference. All water and sewer utilities are required by statute to complete and file this annual report. Note, if a utility has a water and sewer CCN and provides both water and sewer service, the utility shall file one annual report which contains information for both the water and sewer utility service. Each sheet of the Excel file is pre-formatted to calculate certain items based on company specific inputs. Any supporting documents or workpapers filed in PDF format should be searchable. For specific instructions regarding the electronic filing of the report, please visit the Commission's website at: <http://www.puc.state.tx.us/industry/filings/FilingProceed.aspx>, and 16 TAC §22.72(g). If the utility cannot complete the electronic forms, it may submit a hard copy rather than a Microsoft Excel spreadsheet.
3. Pencil entries will not be permitted on hard copy.
4. All accounting terms and phrases used in this report are to be interpreted in accordance with the effective applicable NARUC Uniform System of Accounts prescribed by this Commission, as set forth in 16 TAC §24.72 with detailed sub accounts listed in the form. The Texas Water Code defines Class B utility as a public utility providing retail water or sewer utility service to at least 500 but less than 10,000 taps or connections. Class B utilities must use the NARUC system of accounts for NARUC Class B utilities.
5. Standard accounting procedures shall apply in determining the nature of any entry (e.g. entries of a reverse or contrary character shall be indicated by a parentheses around the number).
6. The report shall be filed consisting of data relative to a calendar year basis (December 31 year end).
7. If this report is made for a period less than the calendar year, the period covered must be clearly stated on the front cover and elsewhere throughout the report where the period covered is shown. When operations cease during the year because of the disposition of property, the balance sheet and supporting schedules should consist of balances and items immediately prior to transfer (for accounting purposes). Provide a full explanation.
8. All instructions shall be followed and each question shall be answered fully and accurately. Sufficient answers shall appear to show that no question or schedule has been overlooked. The expression "none" or "not applicable" shall be given as the answer to any particular inquiry or schedule where it truly and completely states the fact. Unless otherwise indicated, no information will be accepted which incorporates by reference information from another document or report. Where information called for herein is not given, state fully the reason for its omission.

Hubert Watson Subdivision Water Supply, Inc**GENERAL INSTRUCTIONS****(Continued)**

9. Whenever schedules call for comparison of figures of a previous year, the figures reported must be based upon those shown by the annual report of the previous year or an appropriate explanation given why different figures were used.
10. If an audit is performed on the books and records of the utility by a certified public accountant, please submit a copy with this form. If the utility is a member of a controlled group, both parent and subsidiary's annual report should be submitted.
11. Throughout this report money items will be rounded off to the nearest dollar.
12. In the space provided at the top of each page insert the name of the utility and the year to which this report relates.
13. IF YOU ARE UNDER COMMON CONTROL with other water or sewer utilities operating in Texas, you must file a consolidated income statement and balance sheet including all entities under common control in Texas. These statements should be in addition to the attached schedules for the reporting utility.
14. Unless otherwise indicated, the information required in this report shall be taken from the reporting entity's financial statements, accounts and other records. Any deviation from records must be explained.

EXCERPT FROM TEXAS WATER CODE**CHAPTER 13.136(b)**

(b) The utility commission by rule shall require each utility to annually file a service, financial, and normalized earnings report in a form and at times specified by utility commission rule. The report must include information sufficient to enable the utility commission to properly monitor utilities in this state. The utility commission shall make available to the public information in the report the utility does not file as confidential.

Annual Report for Class C Water and/or Sewer Utilities

PUBLIC UTILITY COMMISSION OF TEXAS
1701 N. CONGRESS AVE., PO BOX 13326, AUSTIN, TX 78711-3326
