## METHOD USED TO OFFSET CHARGES FOR COMMON AREAS Check one line only.

Not applicable, because  Bills are based on the tenant's actual submetered consumption

There are **neither** common areas **nor** an installed irrigation system

**All common areas and the irrigation system(s) are metered or submetered:**

We deduct the actual utility charges for water and wastewater to these areas then allocate the remaining charges among our tenants.

**This property has an installed irrigation system that is not separately metered or submetered:**

We deduct  percent (**we deduct at least 25 percent**) of the utility's total charges for water and wastewater consumption, then allocate the remaining charges among our tenants.

**This property has an installed irrigation system(s) that is/are separately metered or submetered:**

We deduct the actual utility charges associated with the irrigation system(s), then deduct at least 5 percent of the utility's total charges for water and wastewater consumption, then allocate the remaining charges among our tenants.

**This property does not have an installed irrigation system:**

We deduct at least 5 percent of the retail public utility's total charges for water and wastewater consumption, and then allocate the remaining charges among our tenants.
