PROJECT NO. 49051

PROJECT TO MONITOR RAYBURN  
INTEGRATION TO ERCOT

§  
§

PUBLIC UTILITY COMMISSION

OF TEXAS  
PUBLIC UTILITY COMMISSION  
FILING CLERK

RECEIVED

2020 JAN 28 AM 11:44

**JOINT NOTICE REGARDING  
COMPLETION OF RAYBURN'S ERCOT INTEGRATION**

As required by Ordering Paragraph No. 3 in the Final Order of the Public Utility Commission of Texas ("Commission") in Docket No. 48400,<sup>1</sup> Rayburn Country Electric Cooperative, Inc. ("Rayburn"), Oncor Electric Delivery Company LLC ("Oncor"), and the Electric Reliability Council of Texas, Inc. ("ERCOT"), jointly file this notice that the integration of certain Rayburn load and associated facilities into the ERCOT System was completed on **January 26, 2020**.

The parties previously notified the Commission on January 3, 2020, that Rayburn's integration would occur in three phases. The first two phases, completed on January 6-7, 2020, established a radial connection from Rayburn's load to the ERCOT system. At that point, Rayburn's load was integrated into the ERCOT grid. The third phase, which integrated additional resources to fully network Rayburn's load into the ERCOT system, as contemplated in Docket No. 48400, required a transmission line clearance that was delayed. The necessary clearances were obtained, and all phase three work was completed on January 26, 2020. With this final phase complete, all of the facilities contemplated in Docket No. 48400 have been energized and are now fully integrated into the ERCOT system.

---

<sup>1</sup> *Joint Application of Rayburn Country Electric Cooperative, Inc. and Lone Star Transmission LLC to Transfer Load to ERCOT, For Sale of Transmission Facilities, and Transfer of Certificate Rights in Henderson and Van Zandt Counties*, Docket No. 48400, Final Order (Mar. 13, 2019).

Respectfully submitted,
