This Order addresses the need for clarification concerning the joint motion to admit evidence and proposed notice of approval filed on January 13, 2020. In the joint motion, the parties moved to admit the map and certificate attached to the joint proposed notice of approval. However, the joint proposed notice of approval also references a tariff being attached in proposed finding of fact number 16 and ordering paragraph number 3. By April 10, 2020, Commission Staff is directed to clarify whether a tariff should have been attached to the joint proposed notice of approval and to file a proposed tariff, if appropriate.
