Re: City of Lindale
Water System CCN Amendment
Contract # LD-164
Docket # 49196

To Whom It May Concern:

The City of Lindale has received the comments from the Public Utility Commission and is still working through the comments to provide the information necessary for the amendment of their water CCN by adding the uncertified area to their existing water CCN. Due to unforeseen circumstances and lack of information readily available, they have requested that the deadline for submitting a supplement addressing the comments for docket number 49196 be extended from May 24, 2019 until July 19, 2019. The City of Lindale believes that they will be able to retrieve the information and have it prepared by this new deadline date.

If you have any questions, please contact myself or Walter F. Hicks (application contact person).
