MICHAEL E. MOORE, COMPLAINANT

AGAINST

C-WILLOW WATER COMPANY

SOAH DOCKET NO. 473-20-1120.WS

PUC DOCKET NO. 49261

July 7, 2020

WRITTEN CLOSING ARGUMENTS

Our name is David Strozier and Sandra Strozier and we own C-Willow Willow Water since August 2005. The address is PO Box 597, Floresville, TX 78114.

C-Willow Water Company would like to respond that by hiring your licensed plumber for a two hour visit he confirmed that your meter was installed correctly, and he also placed a pressure test for you in your meter box. You also had your builder, Keith Johanson's licensed plumber check your meter and home for leaks when we saw there was high usage as I stated in the hearing. We start researching leaks immediately. We were not aware of your contact info to be able to reach you at that time. Mr. Johanson verified and confirmed there was no reason for high usage for him or did he see evidence of any plumbing issues with the installed meter now or leaks at that time we requested that they double check before we sent out any incorrect bills. David Strozier responded to do the 5 gallon bucket test immediately which apparently was during your working hours in San Antonio, therefore you did not see him do it but again the two licensed plumber's were proof of the proper installation or pressure test and any other request you made. Please note the person you reached out for a pressure test is through the agency, the Texas Commission of Environmental Quality (TCEQ) with De'Shaune Blake. She made the phone call to David Strozier and personally verified that the pressure was correct. This TCEQ audits/investigates/inspects small water systems every two to three years and has personally seen all of our water systems and inspected all of our records and computer software/calculations as well as state consultants and the software company owner to triple check any computer programs or reports that verify that they are correctly done.

6-1

Attached are several Keith Johanson accounts that will verify he has low usage every time he builds a house since they are vacant. This is proof from the testimony.

By admitting you moved in the house in July prior to submitting your application that indicates you would be the sole person responsible for paying this bill. If you hired Keith Johanson to build your home, then you also knew how to reach him to establish water service or inquire about getting it put into your name. When you spoke with me on the phone you were not using professional word yourself which is why I am not forced to answer calls from someone being inappropriate. We have not had any further calls or requests for further testing from you except through the PUC complaint logs. David Strozier would be happy to arrange a time to meet you to answer any questions if we will not be threatened ourselves. Since you hired your licensed plumber and TCEQ confirmed that your pressure was correct, we were not sure what this complaint in the response to since we have no further request from Amy or Michael Moore. Our telephone records can prove this. I do believe you stated in the hearing that the video was also going to be provided from Amy Moore indicating your meter is spinning and David Strozier verified it in person that it was spinning and confirmed that on the phone.

Based on all this evidence, we deny that C-Willow Water owes the bill back.

Respectfully,

  
Sandra Strozier
