RE: Floresville Water and Sewer CCN Amendment Application
Docket 49263

To whom it may concern,

On behalf of the City of Floresville (the City), M&S Engineering respectfully requests an extension to the due dates for the water CCN amendment, Docket Number 49263. The Public Utility Commission (PUC) has requested the City send supplemental public notices, including a proposed CCN map, to the current customers, landowners, neighboring utilities, and other affected parties (16 TAC §24.235). In order to satisfy the public notice requirements, The City requests an extension of two weeks due to the lack of manpower required to produce and send the notices, which are currently being produced, in a timely manner.

If you may have any questions or concerns, please do not hesitate to contact me at JRaveney@msengr.com or 830-228-4193

Sincerely,

James Raveney, E.I.T
