Water Notice for Publication

NOTICE OF APPLICATION TO AMEND A CERTIFICATE OF CONVENIENCE AND NECESSITY TO PROVIDE WATER UTILITY SERVICE IN WILSON COUNTY, TEXAS

City of Floresville has filed an application with the Public Utility Commission of Texas to amend its Certificate of Convenience and Necessity (CCN) No. 10688 for the provision of retail water utility service in Wilson County.

The requested area is located approximately 2 miles north, south, east, and west of downtown Floresville, Texas, and is generally bounded on the north by CR 130 and CR 302; on the east by CR 402; on the south by Pajarito Creek; and on the west by San Antonio River. The total requested area includes approximately 4,189 acres and 171 current customers.

The requested area overlaps the boundaries of the Evergreen UWCD. If Evergreen UWCD does not request a public hearing, the Commission shall determine that the district is consenting to the City of Floresville's request to provide retail water utility service in the requested area.

A copy of the map showing the requested area is available at: 1120 D Street, Floresville, Texas, 78114

Persons who wish to intervene in the proceeding or comment upon action sought should contact the Public Utility Commission, P. O. Box 13326, Austin, Texas 78711-3326, or call the Public Utility Commission at (512) 936-7120 or (888) 782-8477. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136. The deadline for intervention in the proceeding is (30 days from the mailing or publication of notice, whichever occurs later, unless otherwise provided by the presiding officer). You must send a letter requesting intervention to the commission which is received by that date.

If a valid public hearing is requested, the Commission will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, SOAH will submit a recommendation to the Commission for a final decision. An evidentiary hearing is a legal proceeding similar to a civil trial in state district court.

A landowner with a tract of land at least 25 acres or more, that is partially or wholly located within the requested area, may file a written request with the Commission to be excluded from the requested area ("opt out") within (30) days from the date that notice was provided by the Utility. All opt out requests must include a large scale map and a metes and bounds description of the landowner's tract of land.

Persons who wish to request this option should file the required documents with the:

Public Utility Commission of Texas
Central Records
1701 N. Congress, P. O. Box 13326
Austin, TX 78711-3326

In addition, the landowner must also send a copy of the opt out request to the Utility. Staff may request additional information regarding your request.
