The total requested area includes approximately 4,189 acres and 171 current customers. **See enclosed map showing the requested area.**

The requested area overlaps the boundaries of the Evergreen UWCD. If Evergreen UWCD does not request a public hearing, the Commission shall determine that the district is consenting to the City of Floresville's request to provide retail water utility service in the requested area.

Persons who wish to intervene in the proceeding or comment upon action sought should contact the Public Utility Commission, P.O. Box 13326, Austin, Texas 78711-3326, or call the Public Utility Commission at (512) 936-7120 or (888) 782-8477. You must send a letter requesting intervention to the commission which is received by that date.

If a valid public hearing is requested, the Commission will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, SOAH will submit a recommendation to the Commission for final decision. An evidentiary hearing is a legal proceeding similar to a civil trial in state district court.
