Austin, Texas 78701

Re: **Jackson Water Supply Corporation - Docket No. 49269**

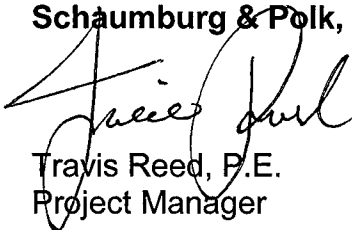

The purpose of this letter is to provide the recommendations requested from the Public Utility Commission of Texas GIS Specialist, Tracy Montes, on her May 13, 2019 email to Courtney Latham from Schaumburg & Polk, Inc. regarding the "two overlaps between the requested area named A1 and the existing utility named Southern Utilities Company with CCN No. 10762." Please see attachments and below for the following recommendations:

**Mapping Content:**

The ten hard copies of the revised maps are attached and the digital files required are on four the CDs. The approximate acreage for A1 is 2,400 acres and the approximate acreage for A2 is 2,100 acres. The total approximate acreage is 4,500 acres. These minor changes due to overlapping did not change the approximate acreage.

The attached changes of the maps were updated on the PUC Interchange Filer on May 14, 2019. The tracking number is LTVCYNZL.

Sincerely,  
**Schaumburg & Polk, Inc.**

Travis Reed, P.E.  
Project Manager
