Docket No.49430

RECEIVED  
2019 SEP -6 AM 9:25  
30 August 2019  
PUBLIC UTILITY COMMISSION  
FILING CLERK

I am writing this letter to comment on the action of Yancey Water Supply Corporation to purchase water facilities and to transfer a portion of San Antonio Water System's water certificate of convenience and necessity in Medina, TX. This purchase affects my subdivision West View and the letter states this transaction will increase customer rates. Many residents out here are living on a fixed income. My family relies on gardening to feed us throughout the summer and fall. To tell us that this purchase will affect our rates and not tell us how much is wrong. Does it even matter if the rates will be unaffordable to us?

I would like to know what the rates are going to be and can purchased be prevented? Why does the Public Utility Commission not standardize or regulate the rates? It does not seem fair that this can go through when it affects us in such a huge way.

DOCKET #  
49272

Sincerely  
Charles Jordan
