SECOND SUPPLEMENT TO
APPLICATION OF IBERDROLA SOLUTIONS LLC FOR A RETAIL ELECTRIC
PROVIDER CERTIFICATE

Iberdrola Solutions LLC ("Iberdrola Solutions") filed an application for a Retail Electric Provider certificate on April 17, 2019, in the above-captioned docket. After an initial review of the application, Staff of the Public Utility Commission of Texas requested additional information from Iberdrola Solutions regarding the experience of Iberdrola Solutions' principals and employees with respect to the competitive electric and gas industry as required by 16 TAC § 25.107(g)(1)(D). On April 26, 2019, Iberdrola Solutions filed Attachment D-11 providing further information in response to this request outlining the competitive electric and gas industry experience of Iberdrola Solutions' employees and principals. On April 29, 2019, Staff of the Public Utility Commission of Texas requested additional information confirming that the experience of these principals and employees was gained in a competitive electric or gas industry.

In response to Staff's request, Iberdrola Solutions hereby provides a confidential supplement to Attachment D-11 providing additional information regarding the manner in which Iberdrola Solutions is in compliance with the requirements of 16 TAC § 25.107(g)(1)(D).
