APPLICATION OF ENTERGY TEXAS, § BEFORE THE STATE OFFICE  
INC. TO ADJUST ITS ENERGY § OF  
EFFICIENCY COST RECOVERY §  
FACTOR § ADMINISTRATIVE HEARINGS

FILING CLERK

**COMMISSION STAFF'S RECOMMENDATION ON SUFFICIENCY OF APPLICATION AND NOTICE**

COMES NOW the Staff of the Public Utility Commission of Texas (Staff), representing the public interest, and files this Recommendation on Sufficiency of Application and Notice. In support thereof, Staff shows the following:

**I. BACKGROUND**

On May 1, 2019, Entergy Texas, Inc. (ETI), filed an application to revise its Energy Efficiency Cost Recovery Factor (EECRF) for program year 2020 under § 39.905 of the Public Utility Regulatory Act (PURA)<sup>1</sup> and 16 Texas Administrative Code (TAC) §§ 25.181 and 25.182. ETI requests approval to adjust its EECRF rider to recover \$8,010,790, effective January 1, 2020.

On May 30, 2019, the State Office of Administrative Hearings (SOAH) Administrative Law Judge (ALJ) issued SOAH Order No. 1, requiring Staff to file its comments on the sufficiency of notice by June 7, 2019. Therefore, this pleading is timely filed.

**II. COMMENTS REGARDING SUFFICIENCY OF APPLICATION**

Staff has reviewed ETI's application and finds the application provides the information required under 16 TAC § 25.182(d). Specifically, pursuant to 16 TAC 25.182(d)(8), a utility in an area in which customer choice is not offered must file the application to adjust its EECRF by no later than May 1 of each year. Additionally, under 16 TAC § 25.182(d)(10), an EECRF application must include testimony and schedules in Excel format with intact formulas for each retail rate class for the prior program year and the proposed program year. The application, including testimonies and schedules, must address thirteen metrics identified under 16 TAC § 25.182(d)(10).

<sup>1</sup> Public Utility Regulatory Act, Tex. Util. Code §§ 11.001-66.017 (PURA).

Furthermore, under 16 TAC § 25.182(d)(11), the application must address ten factors, as applicable, to support the recovery of energy efficiency costs.

Staff recommends ETI's application be deemed sufficient. ETI filed its EECRF application by May 1, 2019. The application includes testimony of three subject matter experts to support its application. In addition, ETI provided Excel spreadsheets with formulas separated by retail rate class for 2018 and 2020. Staff's review indicates that ETI provided, addressed, or at least attempted to address, all of the metric and factors listed under 16 TAC § 25.182(d)(10)-(11). Staff reserves the right to later assert certain thresholds required by the aforementioned provisions may require ETI to supplement the application. Staff may also require ETI to supplement its application following discovery.

### **III. COMMENTS REGARDING SUFFICIENCY OF NOTICE**

Staff has reviewed the proof of notice filed by ETI and finds that the notice satisfies the requirements under 16 TAC § 25.182(d)(13)-(14). On May 15, 2019, ETI filed its Affidavit of Proof of Notice within fourteen days of filing the application, as required pursuant to 16 TAC § 25.182(d)(14). Further, the affidavit attests that ETI completed its notice via USPS first-class mail, hand delivery, Federal Express, or electronic mail on May 1, 2019, which is within seven days of the application filing date, as required under 16 TAC § 25.182(d)(13).

Additionally, in accordance with 16 TAC § 25.182(d)(13), the affidavit attests that ETI provided direct notice to: (1) all parties of record in ETI's most recently completed EECRF docket (PUC Docket No. 48333<sup>2</sup>); (2) all parties of record in ETI's most recently completed base rate case (PUC Docket No. 48371<sup>3</sup>); and (3) to the state agency that administers the federal weatherization program, the Texas Department of Housing and Community Affairs.

### **IV. CONCLUSION**

Staff respectfully requests that an order be issued finding ETI's application and proof of notice sufficient.
