ENERGY TEXAS, INC.'S PROOF OF NOTICE

Entergy Texas, Inc. ("ETI" or the "Company") submits this proof of compliance with the notice requirements of 16 T.A.C. § 25.182(d)(13).

ETI filed its application in this proceeding with the Public Utility Commission of Texas on May 1, 2019. ETI provided notice of its application by providing in writing a general description of the application and the docket number assigned to the application within seven days of the application filing date to (a) all parties participating in ETI's most recent Energy Efficiency Cost Recovery Factor ("EECRF") proceeding (Docket No. 48333), (b) all parties participating in ETI's most recently completed base rate case (Docket No. 48371), and (c) the state agency that administers the federal weatherization program, the Texas Department of Housing & Community Affairs. 16 T.A.C. § 25.182(d)(13) also requires the provision of notice to all retail electric providers that are authorized by the registration agent to provide service in the utility's service area at the time the EECRF is filed, however the Company has no such providers.

Attached as Appendix A is the affidavit of Wajihah Rizvi attesting to the provision of notice.

Attached as Appendix B is a copy of the Notice of Application of Entergy Texas, Inc. to Adjust Its Energy Efficiency Cost Recovery Factor.

Based on the foregoing, ETI requests that its Proof of Notice be approved and found sufficient and requests any other relief to which it may be entitled.

Respectfully submitted,

Application of Entergy Texas, Inc. to Adjust Its Energy Efficiency Cost Recovery Factor

On May 1, 2019, Entergy Texas, Inc. (“ETI” or “the Company”) filed an Application to Adjust its Energy Efficiency Cost Recovery Factor (“EECRF”). The Application was filed with the Public Utility Commission of Texas (“Commission”), pursuant to Public Utility Regulatory Act § 39.905 and 16 Texas Administrative Code § 25.182(d). In its Application, ETI requested that its adjusted EECRF become effective beginning with the first billing cycle of its January 2020 billing month. All Texas retail customers that fall within the classes subject to the EECRF and listed below would be affected by approval of the Company’s Application.

The Company is seeking to adjust its EECRF to recover \$8,010,790, which reflects the following five components: (1) \$7,508,671 for the Company’s forecasted 2020 energy efficiency program budget; (2) \$1,673,201 for the performance bonus associated with the results of ETI’s 2018 energy efficiency programs; (3) \$106,180 in Evaluation, Measurement & Verification (“EM&V”) expenses to be collected in 2020; (4) a refund of \$1,386,600 for the over-recovery of 2018 energy-efficiency costs, including interest; and (5) \$109,336 for 2018 EECRF proceeding costs (\$98,064 for ETI’s costs and \$11,273 for Cities’ costs).

The requested EECRF adjustment would result in a \$0.11 per month decrease to a residential customer’s bill assuming a monthly usage of 1,000 kWh. This is a 0.1 percent decrease for such customers’ bills based on charges currently approved by the Commission. The requested revised EECRF rates would be as follows:

<u>Rate Class</u>	<u>EECRF</u>
Residential Service	\$0.000777 per kWh
Small General Service	(\$0.000150) per kWh
General Service	\$0.000458 per kWh
Large General Service	\$0.001271 per kWh
Large Industrial Power Service	
Transmission Customers Only	\$0.000000 per kWh

Other Than Transmission Customers	(\$0.000216) per kWh
Lighting	(\$0.000002) per kWh

Persons with questions or who want more information about this Application may contact ETI at 350 Pine Street, Beaumont, Texas 77701, or call 1-800-368-3749 (once you hear: "Welcome to Entergy" select option 1, then 5, then 7) during normal business hours. A copy of the Application is available for inspection at the address identified above.

The Commission will review ETI's Application, establish an intervention deadline for interested persons, and determine whether ETI's Application should be approved. The Commission's proceeding to review ETI's Application has been assigned Docket No. 49493. Persons who wish to intervene in or comment upon these proceedings, or obtain further information, should contact the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326, or call the Commission's Office of Consumer Protection at 512-936-7120 or 1-888-782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may contact the Commission at 512-936-7136 or use Relay Texas (toll-free) 1-800-735-2989. All communications should refer to Docket No. 49493.
