APPLICATION OF THE CITY OF	§	PUBLIC UTILITY COMMISSION
LAGO VISTA FOR WATER AND	§	
SEWER CERTIFICATES OF	§	OF TEXAS
CONVENIENCE AND NECESSITY AND	§	
TO CANCEL LOHMANS FORD	§	
WATER COMPANY'S CERTIFICATE	§	
OF CONVENIENCE AND NECESSITY	§	
IN TRAVIS COUNTY	§	

**CITY OF LAGO VISTA'S RESPONSE TO THE COMMISSION STAFF'S
RECOMMENDATION ON ADMINISTRATIVE COMPLETENESS
AND PROPOSED NOTICE**

Comes now, the City of Lago Vista (City) and submits this, its Response to the Commission Staff's Recommendation and Administrative Completeness and Proposed Notice. As requested by the Commission Staff, and ordered by Order No. 2, attached are the following documents:

1. Requested_LagoVista_Proposed_SewerCCN_ETJ_FacilityLines_Map_7172019;
2. Requested_LagoVista_Proposed_WaterCCN_ETJ_FacilityLines_Map_7172019;
3. Exhibit Water Facilities;
4. Exhibit Sewer Facilities;
5. 2019 May City Customer & Address List;
6. October 31, 2017 TCEQ Approval Letter regarding a wastewater treatment plant expansion; and
7. November 22, 2017 TCEQ Approval Letter regarding plans and specifications for water system improvements.

With the exception of three small areas, all of the requested area is located in the city limits of Lago Vista. Additionally, all of the City's existing customers are located inside the city limits along the City's existing facilities. Included with the attachments is a list of the City's customers

TCEQ
ENVIRONMENTAL QUALITY
COMMISSION

and the addresses of those customers and maps showing the City's existing facilities, its city limits and extraterritorial jurisdiction, and the requested area.

Annually, the City receives about 400 requests for service and water and sewer facility extensions. To date, the City has received almost 300 requests for service for 2019. All of these requests are for service inside the city limits of Lago Vista.

The City owns and operates two water treatment plants, each with the capacity to treat 2 million gallons per day (MGD) for a total of 4 MGD. The City is currently treating and delivering to its customers about 1.8 MGD of treated water. The City has water treatment capacity to serve an additional 3000 connections. Additionally, in 2017, the TCEQ approved plans and specifications for additional water system improvements. The TCEQ approval letter is attached for your consideration.

The City's wastewater treatment plant capacity currently is 600,000 gallons per day. The City treats about 370,000 gallon of wastewater permit day. The City is also under contract to begin an expansion of its wastewater treatment plant to 1.0 MGD. Attached for your review is the TCEQ's approval of the plans and specifications for the expansion of the City's wastewater treatment plant.

Additionally, the City has adopted a 5-year Capital Improvement Plan that is updated annually to ensure facilities are upgraded or replaced to meet the demands of the City's customers (see Attachment 4 of the Application). The City has also adopted rates and impact fees that ensure that the City is able to fund any needed improvements (see Attachment 5 of the Application). This additional information further supports the City's financial, managerial, and technical capabilities to provide continuous and adequate service to its current and future customers.

The City respectfully requests that the Commission Staff and the Administrative Law Judge find the City's Application administratively complete.

Respectfully submitted,

Emily W. Rogers
