**ORDER NO. 5
SECOND ORDER REQUIRING CLARIFICATION**

In Order No. 4 issued on September 3, 2019, the administrative law judge (ALJ) identified issues that required clarification from the parties. The applicant was given until September 23, 2019, to answer. However, to-date no response from the applicant has been filed.

By November 8, 2019, the applicant must file a pleading explaining: who owns the well and associated equipment for the purpose of selling potable water; Ms. Brown's relationship to Echo Hills POA and the basis of her legal authority, if any, to speak on the POA's behalf; the full name of Echo Hills POA; and provide any additional information that will be helpful in determining in whose name the exempt utility registration and tariff should be issued. If Echo Hills POA is a legal entity of some sort, the record should be supplemented to reflect that status. If the applicant fails to file its response to this Order in a timely manner the ALJ will assume that the applicant no longer wishes to pursue this matter and will begin proceedings to dismiss the docket.

By December 9, 2019, Commission Staff must provide its own recommendation regarding in whose name the exempt utility registration and tariff should be issued. If appropriate, Commission Staff's response should include a revised registration and tariff.

Signed at Austin, Texas the 9th day of October 2019.
