RE: Docket # 49605 Price Adjustment for Carroll Water Co., Inc.

Dear Mr. Creighton,

I am writing in response to an email that I received from you stating that we have too many customers to ask for a Price Adjustment. I have been told that the Red Oak Community PWS #0700056 is within the City of Red Oak's boundaries and therefore we have to go to the City of Red Oak for any type of rate requests. I sent the PUC a request for a price adjustment for Red Oak Community and have heard nothing. They also have a different rate schedule than the other 4 systems that we own. In checking our records on the systems listed in the price adjustment request, we have 471 total connections, Spanish Grant 136, Lakeview Ranchettes 104, Grande Casa 170, and Emerald Forest 61.

I am requesting that since you do not have jurisdiction over the Red Oak Community system that you grant our request for a Price Adjustment.

Sincerely,

Patty Hilton
Carroll Water Co., Inc.
