Re: Project No. 49707 – *Application of Canadian Breaks, LLC for a Renewable Energy Credit Generator Certification*

NOTICE OF APPROVAL

On July 8, 2019, Canadian Breaks, LLC filed an application to certify its facility as a renewable energy credit (REC) generator utilizing wind generating technology. On July 17, 2019, Canadian Breaks filed supplemental information. Canadian Breaks is a power generation company and holds registration number 20519. The facility's total rated nameplate capacity is 210.1 megawatts (MW) and the metered generation eligible for RECs is 210.1 MW.

On July 24, 2019, Commission Staff filed a recommendation on the application.

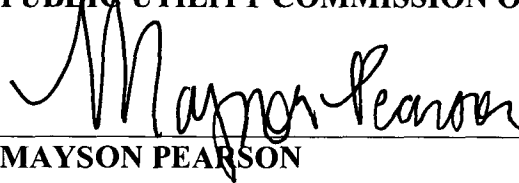

The application of Canadian Breaks includes the information required under 16 Texas Administrative Code (TAC) § 25.173(o). The facility is not ineligible for producing RECs under 16 TAC § 25.173(f). The facility satisfies the requirements under 16 TAC § 25.173(e)(1) and (4) as a new facility, capable of being metered and verified, and not powered by fossil fuel. Accordingly, the Commission certifies the facility as a REC generator.

Any subsequent changes to the information provided in this application must be filed with the Commission as supplements to the application within 30 days of such changes.

Signed at Austin, Texas the 29th day of July 2019.
