RE: Docket No. 49717, Procedural Extension

To Whom It May Concern:

On behalf of the Town of Northlake, this letter represents a formal request for an extension to the September 12 deadline from Order No. 2.

The complexity of the mapping data has required additional time for the Commission to review for completeness prior to the formal submission. The other requested information for Order No. 2 was submitted timely on August 29. Commission Staff agrees an extension of thirty days would allow sufficient time.

Again, a Supplemental Submission 1 of 2, which contains material requested in the Interoffice Memorandum other than the mapping deficiencies has been received by Commission Staff and is available for review.

Sincerely,

Mary V. Petty
Executive Vice President
