Subject: Re: [EXTERNAL] checking in

Hey Rich,

Confidentially, We are planning to Short List Traverse, maverick and Sundance ~ 1,488 MW (using the GE 2.82 x 127 + some safe harbored 2.5 x 116) though none of the bidders, including the winner, has been notified pending our consultation with the Staff's Independent Evaluator (hopefully on Wednesday). Accordingly, I can foresee us notifying the winner this Thursday and asking for all of the site met data, commissioning records etc. Zach will help with data transfer to Rob, Matt & Pete.

This also aligns with our (Carlos and myself) trip to OKC next weekend meeting up with Keith to visit those three projects

If you have prepared any site maps (layout / topi) I would appreciate you forwarding them to us so that we can print out large versions on our plotter printer. It would be handy in field next week.

Good luck with surgery tomorrow. Let me know if we need to talk beforehand.

Gents, I'll be available this evening and tomorrow until about 4 pm Eastern, then for surgery. Expect to be reasonably coherent by Thursday, of course will be taking things slow the rest of the week.

Any questions or information for our team regarding short list selection, data requests, trip planning, let us know. Keith will be accompanying Jay and Carlos on the trip next week, Rob, Pete and Matt will be handling data.

Rich
