PROOF OF NOTICE AFFIDAVIT OF JUDITH M. PARSONS

STATE OF TEXAS)
)
COUNTY OF EL PASO)

BEFORE ME, the undersigned authority, on this day personally appeared Judith Parsons, who being by me first duly sworn, on oath, deposed and said the following:

1. My name is Judith M. Parsons. I am at least 21 years of age and am fully competent to make this statement. Additionally, I have personal knowledge of the matters stated herein, and they are true and correct to the best of my knowledge.
2. I am Regulatory Case Manager for El Paso Electric Company's (EPE) Regulatory Affairs Department and am responsible for rate and regulatory filings and compliance with the various regulatory requirements of the jurisdictions in which EPE operates.
3. On July 15, 2019, EPE filed its petition for Approval to Revise its Military Base Discount Recovery Factor (MBDRF) tariff pursuant to section 36.354 of the Public Utility Regulatory Act¹ (Petition). EPE's Petition was assigned Public Utility Commission of Texas Docket No. 49739.
4. On July 15, 2019, I sent by First Class mail a copy of the Petition and the attached notice (Attachment A) by first-class mail to each of the Texas municipalities that has retained original jurisdiction over EPE's retail rates. These municipalities are El Paso, Anthony, Clint, Horizon City, San Elizario, Socorro, Vinton, and Van Horn. It was hand delivered to Counsel for City of El Paso, Norman Gordon, at 221 Kansas Street, Suite 700, El Paso,

¹ Public Utility Regulatory Act, Tex. Util. Code Ann. §§ 11.001-66.016 (PURA).

Texas 79901 and to the City Attorney of El Paso, Karla Nieman, at 300 N. Campbell, El Paso, Texas 79901.

5. EPE published notice in English and Spanish in the *El Paso Times* and *Van Horn Advocate* on July 18, 2019, and the *Hudspeth County Herald* on July 19, 2019. These newspapers, have general circulation in El Paso, Hudspeth, and Culberson Counties, respectively, covering EPE's Texas service area. Attachments B, C, and D, to my Affidavit are the publisher's affidavit and tear sheets verifying that notice was published in English and Spanish. Notice was also published in *El Diario de El Paso*, a newspaper having general circulation in El Paso County, on July 17, 2019. Attachment E to my Affidavit provides the publisher's affidavit and tear sheets verifying that notice was published in Spanish.

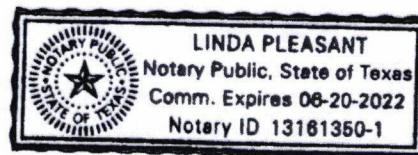

Judith M. Parsons

SUBSCRIBED AND SWORN TO BEFORE ME, a Notary Public, in and for the State of Texas, this 1st day of August, 2019.

Notary Public in and for the State of Texas

June 20, 2022

**NOTICE OF PETITION OF EL PASO ELECTRIC COMPANY FOR APPROVAL TO
REVISE MILITARY BASE DISCOUNT RECOVERY FACTOR TARIFF
PURSUANT TO PURA § 36.354**

On July 15, 2019, El Paso Electric Company (EPE or Company) filed with the Public Utility Commission of Texas (PUCT or Commission) a petition requesting approval to revise its Military Base Discount Recovery Factor (MBDRF) tariff, Rate Schedule No. 96, pursuant to PURA § 36.354¹ (Petition). EPE requested that the revised tariff be approved within 30 days after it filed the Petition and that the revised tariff become effective no later than September 1, 2019. The parties that will be affected by this tariff revision will be EPE and all of EPE's Texas retail customers except for customers that qualify for Rate Schedule No. 95 – Military Base Rate Discount (MBRD), to which the MBDRF does not apply.

PURA § 36.354(a), (b) require electric utilities in areas where electric choice is not available to discount charges for electric service provided to military bases by 20% of the base rate for the otherwise applicable rate. Rate Schedule No. 95 – Military Base Rate Discount incorporates this 20% discount as required by those sections of PURA. In addition, PURA § 36.354(c) provides that “[a]n electric utility, municipally owned utility, or electric cooperative may assess a surcharge to all of the utility's retail customers in the state to recover the difference in revenue between the revenues from the discounted rate for military bases provided under Subsection (a) and the base commercial rate.” Rate Schedule No. 96 – MBDRF assesses the surcharge allowed by PURA § 36.354(c).

The proposed revised factor is applicable to all customers except those that qualify for Rate Schedule No. 95 – MBRD. Based on recorded data, for the period of July 2018 through June 2019, EPE provided discounts of \$2,619,367 under Rate Schedule No. 95 – MBRD. In addition, as of June 2019, the difference between the actual discount provided under Rate Schedule No. 95 – MBRD and the revenues collected under Rate Schedule No. 96 – MBDRF resulted in an over-recovery of \$20,519. Based on these calculations, EPE requests that the recovery factor under Rate Schedule No. 96 – MBDRF be revised to 0.546% from the current recovery factor of 0.595%. Under EPE's revised MBDRF tariff, and based on EPE's current base rates, a residential customer averaging 600 kWh of electricity per month would, on average,

¹ Public Utility Regulatory Act, Tex. Util. Code Ann. §§ 11.00166.016 (PURA).

be charged \$0.34 per month, which is a decrease of \$0.03 per month compared to the current average MBDRF monthly charge.

The Petition has been assigned Tariff Control No. _____. Persons who wish to intervene or comment upon this proceeding or who want more information about EPE's Petition may contact the Company at 100 N. Stanton Street, El Paso, Texas 79901, or call (915) 543-5777. A complete copy of the Petition is available for inspection at this address. EPE has proposed an intervention deadline of August 5, 2019 for this proceeding. Persons who wish to formally participate in or comment upon these proceedings, or obtain further information, should contact the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326, or call the Commission's Office of Consumer Protection at (512) 936-7120 or (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may contact the Commission at (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989.

NOTICE OF PETITION OF EL PASO ELECTRIC COMPANY FOR APPROVAL TO REVISE MILITARY BASE DISCOUNT RECOVERY FACTOR TARIFF PURSUANT TO PURA § 36.354

On July 15, 2019, El Paso Electric Company (EPE or Company) filed with the Public Utility Commission of Texas (PUCT or Commission) a petition requesting approval to revise its Military Base Discount Recovery Factor (MBDRF) tariff, Rate Schedule No. 96, pursuant to PURA § 36.354 (Petition). EPE requested that the revised tariff be approved within 30 days after it filed the Petition and that the revised tariff become effective no later than September 1, 2019. The parties that will be affected by this tariff revision will be EPE and all of EPE's Texas retail customers except for customers that qualify for Rate Schedule No. 95 - Military Base Rate Discount (MBRD), to which the MBDRF does not apply.

PURA § 36.354(a), (b) require electric utilities in areas where electric choice is not available to discount charges for electric service provided to military bases by 20% of the base rate for the otherwise applicable rate. Rate Schedule No. 95 - Military Base Rate Discount incorporates this 20% discount as required by those sections of PURA. In addition, PURA § 36.354(c) provides that "[a]n electric utility, municipally owned utility, or electric cooperative may assess a surcharge to all of the utility's retail customers in the state to recover the difference in revenue between the revenues from the discounted rate for military bases provided under Subsection (a) and the base commercial rate." Rate Schedule No. 96 - MBDRF assesses the surcharge allowed by PURA § 36.354(c).

The proposed revised factor is applicable to all customers except those that qualify for Rate Schedule No. 95 - MBRD. Based on recorded data, for the period of July 2018 through June 2019, EPE provided discounts of \$2,619,367 under Rate Schedule No. 95 - MBRD. In addition, as of June 2019, the difference between the actual discount provided under Rate Schedule No. 95 - MBRD and the revenues collected under Rate Schedule No. 96 - MBDRF resulted in an over-recovery of \$20,519. Based on these calculations, EPE requests that the recovery factor under Rate Schedule No. 96 - MBDRF be revised to 0.546% from the current recovery factor of 0.595%. Under EPE's revised MBDRF tariff, and based on EPE's current base rates, a residential customer averaging 600 kWh of electricity per month would, on average, be charged \$0.34 per month, which is a decrease of \$0.03 per month compared to the current average MBDRF monthly charge.

The Petition has been assigned Tariff Control No. 49739. Persons who wish to intervene or comment upon this proceeding or who want more information about EPE's Petition may contact the Company at 100 N. Stanton Street, El Paso, Texas 79901, or call (915) 543-5777. A complete copy of the Petition is available for inspection at this address. EPE has proposed an intervention deadline of August 5, 2019 for this proceeding. Persons who wish to formally participate in or comment upon these proceedings, or obtain further information, should contact the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326, or call the Commission's Office of Consumer Protection at (512) 936-7120 or (888) 782-8477. AVISO SOBRE LA PETICIÓN DE EL PASO ELECTRIC COMPANY PARA QUE SE APRUEBE UN AJUSTE A LA TARIFA DE FACTOR DE RECUPERACIÓN POR DESCUENTO BASES MILITARES EN CONFORMIDAD CON LA LEY PURA § 36.354

El 15 de julio de 2019, El Paso Electric Company (EPE o la Compañía) presentó ante la Comisión de Servicios Públicos de Texas (PUCT o la Comisión) una petición en la que solicita se le autorice ajustar su tarifa de Factor de Recuperación por Descuento a Base Militar (MBDRF, por sus siglas en inglés), Lista de Tarifas No. 96, en conformidad con la Ley de Regulación de Servicios Públicos - PURA - sección § 36.354 (la Petición). EPE solicitó que el ajuste a la tarifa sea aprobado en los 30 días siguientes a la presentación de la Petición y que la nueva tarifa entre en vigor a más tardar el 1 de septiembre de 2019. Las partes que serán afectadas por este ajuste tarifario serán EPE y todos los clientes minoristas de EPE en Texas, salvo los clientes que califican para la Lista de Tarifas No. 95 - Tarifa con Descuento para Base Militar (MBRD, por sus siglas en inglés), en la que no aplica el factor de recuperación MBDRF.

Las secciones de la Ley PURA § 36.354(a) y (b) exigen que las empresas eléctricas que se encuentren en áreas en donde la elección eléctrica no está disponible, descuenten cargos por el servicio eléctrico provisto a bases militares equivalentes a un 20% de la tarifa básica sobre la tasa que de otro modo sería aplicable. La Lista de Tarifas No. 95 - Tarifa con Descuento para Base Militar, incorpora este descuento del 20 % de conformidad con lo requerido por dichas secciones de la Ley PURA. Adicionalmente, la sección de la Ley PURA § 36.354(c) dispone que "las compañías eléctricas, compañías municipales de servicios públicos o cooperativas eléctricas pueden evaluar hacer un recargo a todos los clientes minoristas en el estado para recuperar la diferencia entre los ingresos provenientes de la tarifa con descuento para bases militares dispuesta en virtud de la Subsección(a) y la tarifa comercial básica." La Lista de Tarifas No. 96 - MBDRF evalúa el recargo permitido por la Ley PURA en su sección § 36.354(c).

El nuevo factor propuesto es aplicable a todos los clientes, salvo aquellos que califiquen para la Lista de Tarifas No. 95 - MBRD. Con base en la información registrada, para el periodo comprendido entre julio 2018 y junio 2019, EPE proporcionó descuentos por un total de \$2,619,367 en virtud de la Lista de Tarifas No. 95 - MBRD. Adicionalmente, en junio de 2019, la diferencia entre el descuento real proporcionado en virtud de la Lista de Tarifas No. 95 - MBRD y los ingresos recaudados en virtud de la Lista de Tarifas No. 96 - MBDRF dio como resultado un superávit en la recuperación equivalente a \$20,619. Con base en estos cálculos, EPE solicita que el factor de recuperación en virtud de la Lista de Tarifas No. 96 - MBDRF sea ajustado a 0.546 % en lugar del factor de recuperación actual de 0.595%. Con esta nueva tarifa de factor de recuperación MBDRF de EPE, y con base en las tarifas básicas actuales de EPE, el cobro que se haría a un cliente residencial que promedia 600 kWh de electricidad al mes sería en promedio de \$0.34 al mes, lo que significa una reducción de \$0.03 al mes en comparación con el cargo promedio mensual por el factor de recuperación MBDRF actual.

A esta Petición se le ha asignado el Número de Control Tarifario (Tariff Control No.) 49739. Las personas que deseen intervenir o comentar sobre este procedimiento o que deseen más información sobre la Petición de EPE pueden comunicarse con la Compañía en la siguiente dirección: 100 N. Stanton Street, El Paso, Texas 79901, o pueden llamar al (915) 543-5777.

EL PASO ELECTRIC-LEGAL NOTICE**HUDSPETH COUNTY HERALD
JULY 19, 2019****NOTICE OF PETITION OF EL PASO ELECTRIC COMPANY FOR
APPROVAL TO REVISE MILITARY BASE DISCOUNT
RECOVERY FACTOR TARIFF
PURSUANT TO PURA § 36.354**

On July 15, 2019, El Paso Electric Company (EPE or Company) filed with the Public Utility Commission of Texas (PUCT or Commission) a petition requesting approval to revise its Military Base Discount Recovery Factor (MBDRF) tariff, Rate Schedule No. 96, pursuant to PURA § 36.354 (Petition). EPE requested that the revised tariff be approved within 30 days after it filed the Petition and that the revised tariff become effective no later than September 1, 2019. The parties that will be affected by this tariff revision will be EPE and all of EPE's Texas retail customers except for customers that qualify for Rate Schedule No. 95 - Military Base Rate Discount (MBRD), to which the MBDRF does not apply.

PURA § 36.354(a), (b) require electric utilities in areas where electric choice is not available to discount charges for electric service provided to military bases by 20% of the base rate for the otherwise applicable rate. Rate Schedule No. 95 - Military Base Rate Discount incorporates this 20% discount as required by those sections of PURA. In addition, PURA § 36.354(c) provides that "[a]n electric utility, municipally owned utility, or electric cooperative may assess a surcharge to all of the utility's retail customers in the state to recover the difference in revenue between the revenues from the discounted rate for military bases provided under Subsection (a) and the base commercial rate." Rate Schedule No. 96 - MBDRF assesses the surcharge allowed by PURA § 36.354(c).

The proposed revised factor is applicable to all customers except those that qualify for Rate Schedule No. 95 - MBRD. Based on recorded data, for the period of July 2018 through June 2019, EPE provided discounts of \$2,619,367 under Rate Schedule No. 95 - MBRD. In addition, as of June 2019, the difference between the actual discount provided under Rate Schedule No. 95 - MBRD and the revenues collected under Rate Schedule No. 96 - MBDRF resulted in an over-recovery of \$20,519. Based on these calculations, EPE requests that the recovery factor under Rate Schedule No. 96 - MBDRF be revised to 0.546% from the current recovery factor of 0.595%. Under EPE's revised MBDRF tariff, and based on EPE's current base rates, a residential customer averaging 800 kWh of electricity per month would, on average, be charged \$0.34 per month, which is a decrease of \$0.03 per month compared to the current average MBDRF monthly charge.

The Petition has been assigned Tariff Control No. 49739. Persons who wish to intervene or comment upon this proceeding or who want more information about EPE's Petition may contact the Company at 100 N. Stanton Street, El Paso, Texas 79901, or call (915) 543-5777. A complete copy of the Petition is available for inspection at this address. EPE has proposed an intervention deadline of August 5, 2019 for this proceeding. Persons who wish to formally participate in or comment upon these proceedings, or obtain further information, should contact the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326, or call the Commission's Office of Consumer Protection at (512) 938-7120 or (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may contact the Commission at (512) 938 7136 or use Relay Texas (toll-free) 1-800-735-2989.

**AVISO SOBRE LA PETICIÓN DE EL PASO ELECTRIC COMPANY PARA
QUE SE APRUEBE UN AJUSTE A LA TARIFA DE FACTOR DE
RECUPERACIÓN POR DESCUENTO A BASES MILITARES EN
CONFORMIDAD CON
LA LEY PURA § 36.354**

El 15 de julio de 2019, El Paso Electric Company (EPE o la Compañía) presentó ante la Comisión de Servicios Públicos de Texas (PUCT o la Comisión) una petición en la que solicita se le autorice ajustar su tarifa de Factor de Recuperación por Descuento a Base Militar (MBDRF, por sus siglas en inglés), Lista de Tarifas No. 96, en conformidad con la Ley de Regulación de Servicios Públicos - PURA - sección § 36.354 (la Petición). EPE solicitó que el ajuste a la tarifa sea aprobado en los 30 días siguientes a la presentación de la Petición y que la nueva tarifa entre en vigor a más tardar el 1 de septiembre de 2019. Las partes que serán afectadas por este ajuste tarifario serán EPE y todos los clientes minoristas de EPE en Texas, salvo los clientes que califican para la Lista de Tarifas No. 95 - Tarifa con Descuento para Base Militar (MBRD, por sus siglas en inglés), en la que no aplica el factor de recuperación MBDRF.

Las secciones de la Ley PURA § 36.354(a) y (b) exigen que las empresas eléctricas que se encuentren en áreas en donde la elección eléctrica no está disponible, descuenten cargos por el servicio eléctrico provisto a bases militares equivalentes a un 20% de la tarifa básica sobre la tasa que de otro modo sería aplicable. La Lista de Tarifas No. 95 - Tarifa con Descuento para Base Militar, incorpora este descuento del 20 % de conformidad con lo requerido por dichas secciones de la Ley PURA. Adicionalmente, la sección de la Ley PURA § 36.354(c) dispone que "las compañías eléctricas, compañías municipales de servicios públicos o cooperativas eléctricas pueden evaluar hacer un recargo a todos los clientes minoristas en el estado para recuperar la diferencia entre los ingresos provenientes de la tarifa con descuento para bases militares dispuesta en virtud de la Subsección(a) y la tarifa comercial básica." La Lista de Tarifas No. 96 - MBDRF evalúa el recargo permitido por la Ley PURA en su sección § 36.354(c).

El nuevo factor propuesto es aplicable a todos los clientes, salvo aquellos que califiquen para la Lista de Tarifas No. 95 - MBRD. Con base en la información registrada, para el periodo comprendido entre julio 2018 y junio 2019, EPE proporcionó descuentos por un total de \$2,619,367 en virtud de la Lista de Tarifas No. 95 - MBRD. Adicionalmente, en junio de 2019, la diferencia entre el descuento real proporcionado en virtud de la Lista de Tarifas No. 95 - MBRD y los ingresos recaudados en virtud de la Lista de Tarifas No. 96 - MBDRF dio como resultado un superávit en la recuperación equivalente a \$20,519. Con base en estos cálculos, EPE solicita que el factor de recuperación en virtud de la Lista de Tarifas No. 96 - MBDRF sea ajustado a 0.546 % en lugar del factor de recuperación actual de 0.595%. Con esta nueva tarifa de factor de recuperación MBDRF de EPE, y con base en las tarifas básicas actuales de EPE, el cobro que se haría a un cliente residencial que promedia 800 kWh de electricidad al mes sería en promedio de \$0.34 al mes, lo que significa una reducción de \$0.03 al mes en comparación con el cargo promedio mensual por el factor de recuperación MBDRF actual.

A esta Petición se le ha asignado el Número de Control Tarifario (Tariff Control No.) 49739. Las personas que deseen intervenir o comentar sobre este procedimiento o que deseen más información sobre la Petición de EPE pueden comunicarse con la Compañía en la siguiente dirección: 100 N. Stanton Street, El Paso, Texas 79901, o pueden llamar al (915) 543-5777. En esta dirección pueden encontrar una copia completa de la Petición. Para este procedimiento, EPE ha propuesto como fecha límite para intervenir el 5 de agosto de 2019. Las personas que deseen participar formalmente o comentar sobre estos procedimientos, u obtener más información, deberán comunicarse con la Comisión de Servicios Públicos de Texas (Public Utility Commission of Texas), P.O. Box 13326, Austin, Texas 78711-3326, o llamar a la Oficina de Protección al Consumidor de la Comisión al (512) 938-7120 o (888) 782-8477. Las personas con problemas auditivos o de habla que tengan teléfonos de texto (TTY) pueden comunicarse a la Comisión llamando al (512) 938 7136 o utilizando Relay Texas (llamada sin costo) 1-800-735-2989.

NOTICE OF PRINCIPAL IN LIAISON ELECTRIC COMPANY FOR APPROVAL TO INCREASE MILITARY RATE SCHEDULE, RATE SCHEDULE NO. 96, FOR THE MONTH OF JULY 2019

NOTICE DE PRINCIPAL EN LIAISON ELECTRIC COMPANY POUR APPROUVER LA TAUX DE TARIF MILITAIRE, LA TAUX DE TARIF NO. 96, POUR LE MOIS DE JUIN 2019

On July 16, 2019, LIAISON ELECTRIC COMPANY (LIEC) or Company, filed with the Public Utility Commission of Texas (PUCT) or Commission a petition requesting approval to revise its Military Rate Schedule, Rate Schedule No. 96, pursuant to PUCT § 46.354 (Petition). LIEC requested that the revised tariff be approved within 30 days after it filed the petition and that the revised tariff become effective on July 16, 2019. The parties that will be affected by this tariff revision are LIEC and all of LIEC's Texas retail customers except for customers that qualify for Rate Schedule No. 96 - Military Rate Schedule (MRS), to which the following does not apply:

PUCT § 46.354(a) (4) requires electric utilities to keep where electric service is not available to deliver charges for electric service provided to military bases by 20% of the base rate for the otherwise applicable rate. Rate Schedule No. 96 - Military Rate Schedule (MRS) complies with this requirement as required by these sections of PUCT. In addition, PUCT § 46.354(c) provides that "the electric utility, electrically owned utility, or electric cooperative may impose a surcharge in all of the utility's retail customers in the state to recover the difference in revenue between the revenue from the discounted rate for military bases provided under (Schedule 6) and the base commercial rate." Rate Schedule No. 96 - MRS also complies with the surcharge allowed by PUCT § 46.354(c).

The proposed revised tariff is applicable to all customers except those that qualify for Rate Schedule No. 96 - MRS. Based on recent data, for the period of July 2019 through June 2020, LIEC provided discounts of \$2,153,367 under Rate Schedule No. 96 - MRS. In addition, as of June 2019, the difference between the actual discounts provided under Rate Schedule No. 96 - MRS and the revenue collected under Rate Schedule No. 96 - MRS amounted to an overpayment of \$1,219,849. Based on these calculations, LIEC requests that the necessary further under Rate Schedule No. 96 - MRS be applied to 0.04% from the current recovery factor of 0.99%. Under LIEC's terms of MRS, any discount on LIEC's current base rate, a residential customer averaging 100 kWh of electricity per month would, on average, be charged \$0.34 per month, which is a decrease of \$0.01 per month compared to the current average MRS rate charge.

The Petition has been assigned Staff Counsel No. 49219. Persons who wish to intervene or comment upon this proceeding or who wish to provide information about LIEC's Petition may contact the Company at 702 W. Jackson Street, El Paso, Texas 79901, or call (915) 646-0777. A complete copy of the Petition is available for inspection at this address. LIEC has prepared an information brochure of August 1, 2019 for this proceeding. Persons who wish to formally participate in or comment upon these proceedings, or obtain further information, should contact the Public Utility Commission of Texas, P.O. Box 13206, Austin, Texas 78711-0326, or call the Commission's Office of Consumer Protection at (512) 546-7131 or (800) 752-6477. Hearing and non-hearing interested individuals with test telephones (TTY) may contact the Commission at (512) 546-7131 or via Relay Texas (toll-free) 1-800-735-2909.

NOTICE OF PRINCIPAL IN LIAISON ELECTRIC COMPANY FOR APPROVAL TO INCREASE MILITARY RATE SCHEDULE, RATE SCHEDULE NO. 96, FOR THE MONTH OF JULY 2019

NOTICE DE PRINCIPAL EN LIAISON ELECTRIC COMPANY POUR APPROUVER LA TAUX DE TARIF MILITAIRE, LA TAUX DE TARIF NO. 96, POUR LE MOIS DE JUIN 2019

On July 16, 2019, LIAISON ELECTRIC COMPANY (LIEC) or Company, filed with the Commission de Services Publics du Texas (CST) or Commission a petition requesting approval to revise its Military Rate Schedule, Rate Schedule No. 96, pursuant to CST § 46.354 (Petition). LIEC requested that the revised tariff be approved within 30 days after it filed the petition and that the revised tariff become effective on July 16, 2019. The parties that will be affected by this tariff revision are LIEC and all of LIEC's Texas retail customers except for customers that qualify for Rate Schedule No. 96 - Military Rate Schedule (MRS), to which the following does not apply:

Les services de la Loi PUCT § 46.354(a) (4) exigent que les entreprises électriques qui ne fournissent pas de service à des bases militaires ne soient pas disponibles, puisqu'elles seraient payées à des tarifs réduits supérieurs à 20% de la tarification normale pour le même service. La Loi de l'Article No. 96 - Tarif des Bases Militaires (MRS) respecte cette exigence. En outre, la Loi de l'Article No. 96 - Tarif des Bases Militaires (MRS) respecte également la Loi PUCT § 46.354(c) qui exige que les entreprises électriques imposent une surcharge à tous les clients résidentiels de l'état pour récupérer la différence de revenus entre les revenus provenant du tarif réduit pour les bases militaires et le tarif commercial de base. La Loi de l'Article No. 96 - Tarif des Bases Militaires (MRS) respecte également cette exigence.

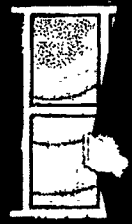

Le tarif proposé est applicable à tous les clients, sauf ceux qui qualifient pour le Tarif de l'Article No. 96 - Tarif des Bases Militaires (MRS). Basé sur les données récentes, pour la période de juillet 2019 à juin 2020, LIEC a fourni des réductions de \$2,153,367 sous le Tarif de l'Article No. 96 - Tarif des Bases Militaires (MRS). En outre, au 1er juin 2019, la différence entre les réductions réelles fournies sous le Tarif de l'Article No. 96 - Tarif des Bases Militaires (MRS) et les revenus collectés sous le Tarif de l'Article No. 96 - Tarif des Bases Militaires (MRS) s'élevait à un paiement excessif de \$1,219,849. Basé sur ces calculs, LIEC demande que la réduction supplémentaire soit appliquée de 0,04% au facteur de recouvrement actuel de 0,99%. Selon les conditions de l'MRS, toute réduction sur le tarif de base de LIEC, un client résident consommant en moyenne 100 kWh d'électricité par mois paierait, en moyenne, \$0,34 par mois, ce qui est une diminution de \$0,01 par mois par rapport au tarif moyen actuel de l'MRS.

La pétition a été assignée au conseiller du personnel de l'Article No. 49219. Les personnes qui souhaitent intervenir ou commenter sur cette procédure ou qui souhaitent fournir des informations sur la pétition de LIEC peuvent contacter la Société à 702 W. Jackson Street, El Paso, Texas 79901, ou au (915) 646-0777. Une copie complète de la pétition est disponible pour inspection à cet adresse. LIEC a préparé un prospectus d'information de l'Article No. 1, 2019 pour cette procédure. Les personnes qui souhaitent participer formellement ou obtenir plus d'informations, devraient contacter la Commission des Services Publics du Texas, P.O. Box 13206, Austin, Texas 78711-0326, ou appeler l'Office de la Protection du Consommateur de la Commission à (512) 546-7131 ou (800) 752-6477. Les personnes intéressées par des téléphones à accès non audiotex (TTY) peuvent contacter la Commission à (512) 546-7131 ou via Relay Texas (sans frais) 1-800-735-2909.

AVISO SOBRE LA PETICIÓN DE EL PASO ELECTRIC COMPANY PARA QUE SE APRUEBE UN AJUSTE A LA TARIFA DE FACTOR DE RECUPERACIÓN POR DESCUENTO A BASES MILITARES EN CONFORMIDAD CON LA LEY PURA § 36.354

El 15 de julio de 2019, El Paso Electric Company (EPE o la Compañía) presentó ante la Comisión de Servicios Públicos de Texas (PUCT o la Comisión) una petición en la que solicita se le autorice ajustar su tarifa de Factor de Recuperación por Descuento a Base Militar (MBDRF, por sus siglas en inglés), Lista de Tarifas No. 96, en conformidad con la Ley de Regulación de Servicios Públicos – PURA – sección § 36.3541 (la Petición). EPE solicitó que el ajuste a la tarifa sea aprobado en los 30 días siguientes a la presentación de la Petición y que la nueva tarifa entre en vigor a más tardar el 1 de septiembre de 2019. Las partes que serán afectadas por este ajuste tarifario serán EPE y todos los clientes minoristas de EPE en Texas, salvo los clientes que califican para la Lista de Tarifas No. 95 – Tarifa con Descuento para Base Militar (MBRD, por sus siglas en inglés), en la que no aplica el factor de recuperación MBDRF.

Las secciones de la Ley PURA § 36.354(a) y (b) exigen que las empresas eléctricas que se encuentren en áreas en donde la elección eléctrica no está disponible, descuenten cargos por el servicio eléctrico provisto a bases militares equivalentes a un 20% de la tarifa básica sobre la tasa que de otro modo sería aplicable. La Lista de Tarifas No. 95 – Tarifa con Descuento para Base Militar, incorpora este descuento del 20 % de conformidad con lo requerido por dichas secciones de la Ley PURA. Adicionalmente, la sección de la Ley PURA § 36.354(c) dispone que “las compañías eléctricas, compañías municipales de servicios públicos o cooperativas eléctricas pueden evaluar hacer un recargo a todos los clientes minoristas en el estado para recuperar la diferencia entre los ingresos provenientes de la tarifa con descuento para bases militares dispuesta en virtud de la Subsección(a) y la tarifa comercial básica.” La Lista de Tarifas No. 96 – MBDRF evalúa el recargo permitido por la Ley PURA en su sección § 36.354(c).

El nuevo factor propuesto es aplicable a todos los clientes, salvo aquéllos que califiquen para la Lista de Tarifas No. 95– MBRD. Con base en la información registrada, para el periodo comprendido entre julio 2018 y junio 2019, EPE proporcionó descuentos por un total de \$2,619,367 en virtud de la Lista de Tarifas No. 95 – MBRD. Adicionalmente, en junio de 2019, la diferencia entre el descuento real proporcionado en virtud de la Lista de Tarifas No. 95 – MBRD y los ingresos recaudados en virtud de la Lista de Tarifas No. 96 – MBDRF dio como resultado un superávit en la recuperación equivalente a \$20,519. Con base en estos cálculos, EPE solicita que el factor de recuperación en virtud de la Lista de Tarifas No. 96 – MBDRF sea ajustado a 0.546 % en lugar del factor de recuperación actual de 0.595%. Con esta nueva tarifa de factor de recuperación MBDRF de EPE, y con base en las tarifas básicas actuales de EPE, el cobro que se haría a un cliente residencial que promedia 600 kWh de electricidad al mes sería en promedio de \$0.34 al mes, lo que significa una reducción de \$0.03 al mes en comparación con el cargo promedio mensual por el factor de recuperación MBDRF actual.

A esta Petición se le ha asignado el Número de Control Tarifario (Tariff Control No.) 49739. Las personas que deseen intervenir o comentar sobre este procedimiento o que deseen más información sobre la Petición de EPE pueden comunicarse con la Compañía en la siguiente dirección: 100 N. Stanton Street, El Paso, Texas 79901, o pueden llamar al (915) 543-5777. En esta dirección pueden encontrar una copia completa de la Petición. Para este procedimiento, EPE ha propuesto como fecha límite para intervenir el 5 de agosto de 2019. Las personas que deseen participar formalmente o comentar sobre estos procedimientos, u obtener más información, deberán comunicarse con la Comisión de Servicios Públicos de Texas (Public Utility Commission of Texas), P.O. Box 13326, Austin, Texas 78711-3326, o llamar a la Oficina de Protección al Consumidor de la Comisión al (512) 936-7120 o (888) 782-8477. Las personas con problemas auditivos o de habla que tengan teléfonos de texto (TTY) pueden comunicarse a la Comisión llamando al (512) 936-7136 o utilizando Relay Texas (llamada sin costo) 1-800-735-2989.

CERTIFICATE OF SERVICE

I certify that a true and correct copy of this document was served by electronic mail, facsimile, hand-delivery, overnight delivery, or 1st Class U.S. Mail on all parties of record in this proceeding on August 5, 2019.
