## **Public Utility Commission of Texas Application for Electricity Broker Registration**

### **General Information**

**Individual employees and agents of broker firms and persons acting only as agents of retail electric providers are not required to register as brokers.**

Under Public Utility Regulatory Act (PURA) Section 39.3555, any person that provides brokerage services for compensation or other consideration must register as a broker with the Public Utility Commission of Texas (Commission). "Brokerage services" means providing advice or procurement services to, or acting on behalf of, a retail electric customer regarding the selection of a retail electric provider, or a product or service offered by a retail electric provider. Brokers do not sell or take title to electric energy.

Registered brokers must comply with customer protection provisions, disclosure requirements, and marketing guidelines established by the Commission. An administrative penalty may be assessed for failure to comply with PURA or Commission rules.

### **Registration Form**

Answer all of the questions on the registration form completely, providing all relevant information. If substantive changes occur while the application is pending, promptly notify the Commission by filing seven copies (six copies and one original) of the registration form showing the changes with the Commission's Filing Clerk under the control number assigned to the application.

### **Affidavit**

The owner, partner, or officer of the registrant must swear to and affirm that the registrant is authorized to do business in Texas under all applicable laws and is in good standing with the Texas Secretary of State; that all statements made in the application are true, correct, and complete; that any material changes in the information will be provided in a timely manner; and that the registrant understands and will comply with all applicable laws and rules.
