General Information

Individual employees and agents of broker firms and persons acting only as agents of retail electric providers are not required to register as brokers.

Under Public Utility Regulatory Act (PURA) Section 39.3555, any person that provides brokerage services for compensation or other consideration must register as a broker with the Public Utility Commission of Texas (Commission). "Brokerage services" means providing advice or procurement services to, or acting on behalf of, a retail electric customer regarding the selection of a retail electric provider, or a product or service offered by a retail electric provider. Brokers do not sell or take title to electric energy.

Registered brokers must comply with customer protection provisions, disclosure requirements, and marketing guidelines established by the Commission. An administrative penalty may be assessed for failure to comply with PURA or Commission rules.

If substantive changes occur while the application is pending, promptly notify the Commission by filing seven copies (six copies and one original) of the registration form showing the changes with the Commission's Filing Clerk under the control number assigned to the application.
