Re: Docket No. 49826 - Application of C & R Water Supply, Inc. (C & R) to Amend its
Certificates of Convenience and Necessity in Montgomery County

Order No. 2 requested the utility supplement its application to address a deficiency described in Patricia Garcia's September 5th memorandum by October 4, 2019. The utility has been in communication with the engineer preparing the plans and specifications for filing with the TCEQ for approval. The engineer has not filed this request with the TCEQ at this time. We are requesting a two-week extension of time until October 21 to supplement the application with information regarding plans and specifications submittal with the TCEQ.

Should you have any further questions concerning this application, please do not hesitate to contact me at (512) 917-7541.

Sincerely,

Bret W. Fenner, P.E.
