ORDER NO. 2

**GRANTING MOTION TO CONSOLIDATE, FINDING APPLICATION
INSUFFICIENT, ESTABLISHING DEADLINES AND OPPORTUNITY TO CURE**

This Order addresses Commission Staff's motions to consolidate and the administrative completeness of the applications filed on August 12, 2019, by the City of Schertz to amend its water and sewer certificates of convenience and necessity (CCN) in Guadalupe County.

I. Motions to Consolidate

The City of Schertz filed separate applications to amend their water and sewer CCNs for the same requested service area. Commission Staff requests that the above applications be consolidated into a single docketed proceeding in the interest of efficiency.

Commission Staff's motions to consolidate are granted and Docket Nos. 49841 and 49842 are consolidated into Docket No. 49841. All future filings will be made only in Docket No. 49841 and styled as follows: *Application of the City of Schertz to Amend Its Certificates of Convenience and Necessity in Guadalupe County*.

II. Sufficiency of Application

The administrative law judge finds the application is administratively incomplete and insufficient for further review in accordance with 16 Texas Administrative Code (TAC) § 24.8(b).

Under 16 TAC § 24.8(d), the Commission does not consider an application filed until it finds the application administratively complete. Thus, at this time the application is not considered filed with the Commission.

On or before October 14, 2019, the applicant must supplement the application to cure the deficiencies described in Patricia Garcia's September 9, 2019 memorandum. Until the Commission receives and reviews the supplemental information, the application cannot proceed. The applicant must not issue notice until the application is deemed administratively complete.

On or before November 13, 2019, Commission Staff must file a supplemental recommendation regarding the administrative completeness of the application, along with a proposed procedural schedule, if appropriate.

Signed at Austin, Texas the 17th day of September 2019.
