NOTICE OF APPROVAL

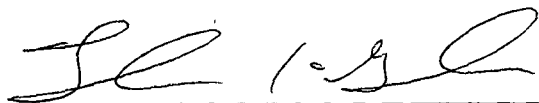

This Notice of Approval addresses Ennis Power Company, LLC's application, filed on August 28, 2019, to amend its power generation company (PGC) registration number 20003 in accordance with 16 Texas Administrative Code (TAC) § 25.109(h). Ennis Power requested the amendment to update affiliate information and output capacity. Effective July 15, 2019, Ennis Power gained a new affiliate, TriEagle Energy LP, when Ennis Power's upstream parent company Vistra Energy Corp. indirectly acquired TriEagle. Ennis is also updating Part E to reflect a conforming change to its capacity value based on an amendment to the ERCOT resource registration glossary.

On September 12, 2019, Commission Staff recommended that the Commission approve the application because Ennis Power complied with the post-registration requirements under 16 TAC § 25.109(h) by notifying the Commission of a material change in information pertaining to the registration within 45 days of the change.

The Commission approves Ennis Power's application for amendment. The Commission must revise its records to reflect the updated affiliate information and output capacity to PGC registration number 20003.

Signed at Austin, Texas the 23rd day of September 2019.
