METER TEST FEE (actual cost of testing the meter up to) \$25.00

THIS FEE MAY BE CHARGED IF A CUSTOMER REQUESTS A SECOND METER TEST WITHIN A TWO-YEAR PERIOD AND THE TEST INDICATES THAT THE METER IS RECORDING ACCURATELY.

SECTION 2.0 - SERVICE RULES AND REGULATIONS

The utility will have the most current Public Utility Commission of Texas (PUCT or commission) rules relating to Water and Wastewater Utility regulations, available at its office for reference purposes. The Rules and this tariff shall be available for public inspection and reproduction at a reasonable cost. The latest Rules or commission approved changes to the Rules supersede any rules or requirements in this tariff.

Section 2.1 - Application for Service

All applications for service will be made on the utility's standard application or contract form and will be signed by the applicant before water service is provided by the utility. A separate application or contract will be made for each service at each separate location.

Section 2.2 – Water Installation

After the applicant has met all requirements, conditions, and regulations herein set forth, the utility will then install a tap, meter, and cut-off valves and take all necessary actions to initiate service.

Section 2.3 – Billing

Water utility bills shall be rendered monthly unless otherwise authorized by the Commission, or unless service is terminated before the end of a billing cycle. Service initiated less than one week before the next billing cycle may be billed with the following month's bill. Bills should be rendered as promptly as possible following the reading of meters.

Bills are considered late if not received at the Utility's postal address within 16 days of the billing date. Service can be disconnected for nonpayment of a bill only after a 10 day written notice.

SECTION 3.0--EXTENSION POLICY

Section 3.1 - Standard Extension Requirements

Contributions in aid of construction shall not be required of individual residential customers for production, storage, treatment, or transmission facilities.

The utility will bear the cost of the first 200 feet of water main necessary to extend service to an individual residential customer. The utility shall bear the full cost of any oversizing of water mains to serve other residential customers in the area.

Section 3.2 – Specific Utility Extension Policy

- (1) Residential customers may be required to pay for additional main beyond the first 200 feet;
- (2) Residential customers who place unique or non-standard service demands on the system may be charged the actual costs of any additional transmission or storage required over and above the standard requirements;
- (3) Developers may be required to provide contributions in aid of construction in amounts to furnish the system with facilities compliant with Texas Commission on Environmental Quality (TCEQ) minimum design criteria for facilities used in the production, transmission, pumping, or treatment of water.
- (4) Commercial customers may be required to pay the cost of the entire length of water main necessary to extend service to their point of use;
- (5) Commercial customers who place unique or non-standard service demands on the system may be charged the actual costs of any additional transmission or storage required over and above the standard requirements;
- (6) All extensions shall be negotiated with the utility on an individual basis, subject to the above extension policy rules, and taking into consideration additional demands on the system for water production, transmission, and storage.
