**ORDER NO. 6
FINDING APPLICATION INSUFFICIENT;
ESTABLISHING DEADLINES AND OPPORTUNITY TO CURE**

This Order addresses the administrative completeness of the application of AIRW 2017-7, L.P. filed September 23, 2019, to obtain a water certificate of convenience and necessity in Collin County. On June 10, 2020, Commission Staff filed a third supplemental recommendation on administrative completeness.

The administrative law judge continues to find the application administratively incomplete. Under 16 Texas Administrative Code § 24.8(d), the Commission does not consider an application filed until it finds the application administratively complete. Thus, at this time the application is not considered filed with the Commission.

On or before July 10, 2020, AIRW must supplement the application to cure the deficiencies described in the memorandum of Patricia Garcia dated March 24, 2020. Until the Commission receives and reviews the supplemental information, the application cannot proceed. The applicant must not issue notice until the application is deemed administratively complete.

By August 10, 2020, Commission Staff must file a supplemental recommendation regarding the administrative completeness of the application, along with a proposed procedural schedule, if appropriate.

Signed at Austin, Texas the 18th day of June 2020.
